INTRODUCTION

AN unavoidable weakness in any compilation of laws or related material is that it soon gets out of date. The only remedy for this is to issue occasional supplements to bring the material up to date or, periodically, to undertake a complete revision which, in turn, is destined to become outdated.

It was so with Newspaper Laws of Ohio which was first published in 1937 and for which, in an effort to keep it reasonably up to date, several supplements were issued in succeeding years. This venture, incidentally, was the third of its kind undertaken in Ohio and one of the most complete in any of the states. The day to day experience with it on the part of the newspaper business departments, public officials, attorneys and others proved it an invaluable and necessary tool in Ohio newspaper publishing. This was particularly true in regard to Public Notices which are of primary importance alike to the individual citizen, to business and to the body politic.

Complete Overhaul Needed

For some years ways and means had been sought to make possible a complete revision of the original work. The completion of the enormous task of recodifying the entire Ohio Code made this time particularly propitious. A grant toward the overall purpose, allocated several years earlier through the Ohio State University Development Fund, made possible a long step toward providing the painstaking labor necessary to comb the newly revised code thoroughly, and concerted action and effort on the part of the Ohio Newspaper Association contributed largely to bringing the present project to final fruition. This was particularly true in regard to such matters as the preparation of the final manuscript, the checking and cross-checking of the index and the ready-reference chart, and of the various appendices which were thought necessary to give a proper picture of Ohio laws relating to newspaper publishing, with special emphasis on publication in terms of Public Notice.

Like the earlier one, the present project is a joint one between the School of Journalism, Ohio State University, and the Ohio Newspaper Association representing appropriately all of the recognized newspaper publishing interests of the state. In essence the undertaking, like its predecessor, is a public service intended for the use of newspaper publishers and their business offices and is designed to make it possible to carry out those provisions enacted by the General Assembly in the interests of the public or of the individual citizen, especially in regard to their being put on proper public notice. It is, in effect, however, a completely new treatment of the material rather than revision.

Forms of Public Notice

That form of Public Notice more commonly known as legal advertising is sometimes mandatory and sometimes permissive. It is sometimes only one of several forms of Public Notice that may be used. Where notice by publication is required or otherwise provided for, it is important to the publisher but it should always be remembered that it is vastly more important to the public whose rights are better safeguarded in consequence of such publication.

While this entirely new edition of the older work goes into considerably

greater detail in some respects than its predecessor and in some ways is more inclusive than the earlier edition, it is still no substitute for the Revised Code itself. It is, rather, a guide or handbook for the guidance of newspaper publishers, public officials, attorneys and others concerned with such matters. Pains have been taken to give other references and cross-references to the pertinent matter in the Code. In cases of doubt or where the complete language of the law is desired, recourse should be had to one of the standard Codes available, including pertinent annotations.

In a composite work of this kind the proper credit and appreciation are necessarily shared by many persons for whom, in all gratitude, it is not possible to spell out in detail in the space available the particular measure of credit due to each. The sponsors are very grateful to Ivan Brychta, a graduate in and practitioner of law in his native Czechoslovakia, and a graduate student in law and political science in The Ohio State University. The initial task of combing the entire Revised Code, amounting to some 5,000,000 words, was his alone. To this exacting job he applied himself all told for more than a year with great patience and industry that went far beyond the letter of his contract.

Many Gave Help

Others who merit special mention for their help in one way or another in making the end result possible include the following:

The Ohio Newspaper Association—especially for underwriting the cost of the actual publication—and the special O.N.A. Committee, of which the newspaper members were Raymond C. Dix, of the *Wooster Record*; Gardner Townsley, of the *Western Star*, Lebanon; and President Orrin R. Taylor, of the *Archbold Buckeye*.

Office of the Attorney General—Attorney General C. William O'Neill, and his assistant, Robert E. Leach, and Charles S. Mechem, Jr., special assistant.

Office of the Auditor of State—Mrs. Phoebe Parker.

Counsel for the O.N.A.—Paul R. Gingher, general counsel, and his associate, Carl R. Johnson.

Headquarters office, O.N.A.—William J. Oertel, assistant to the executive director; Mrs. Geneva L. Lucas, assistant to the executive director and office manager; and Miss Mary C. Riley and Mrs. Thelma L. Hunter, of the office staff.

The Ohio State University Development Fund—Kenyon S. Campbell, field director, and the Allocations Committee.

The scheme of organization of the material in this handbook should be self-evident since, in the main, it follows exactly the pattern of the Revised Code itself. For convenience there is a double index, one alphabetically by subject matter, and one numerically by section numbers. It is believed that the special digest of statutes controlling legal advertising, included among the appendices, will be found to be more complete and in somewhat more convenient form than the corresponding digest or "chart" in the earlier edition.

Special Section on Libel

The explanatory section on libel (pp. 81-85) was prepared by Mr. Gingher's office. It, too, is in somewhat different form from the treatment in the first edition but it is believed to cover all of the essentials, in terms of Ohio law, of a matter which is a perpetual and unavoidable hazard in the publishing business. To offset the threat of this hazard, publishers may take considerable comfort in the free press provisions of the United States and Ohio Constitutions. For convenient reference, these provisions, including the First, Fifth and Fourteenth Amendments to the former, are also included.

In the main, the provisions of the Ohio law relating to newspaper publishing and Public Notice are probably not greatly different, certainly in principle, from those of other representative states. On the whole, experience has shown them to be equitable and workable. They will be fair and practical in use and application to the extent that publishers and public officials see that they are carried out within the reasonable meaning of the law.

Finally, by its very nature any compilation of this kind is bound to have its imperfections and shortcomings. Every effort has been made, however, to make it as accurate as possible. In this attempt all of the recognized standard codes have been consulted and cross-checked freely. It should be repeated, however, that in case of doubt reference should be made to the complete code or specific questions should be addressed to the O.N.A. headquarters office where every effort will be made to get the proper answer promptly.

For permission to cite certain illustrative annotations from their respective publications, grateful acknowledgment is hereby made to the Banks-Baldwin Co., Cleveland, publishers of Baldwin's Code, and to the W. H. Anderson Co., Cincinnati, publishers of Page's Ohio Digest.

OHIO STATUTES

GENERAL PROVISIONS

CHAPTER 5: STATE INSIGNIA: SEALS, HOLIDAYS

5.41—Financial institutions permitted to remain closed on Saturdays, and certain week days; notice required.

Any bank under the supervision of the division of banks, national bank, federal reserve bank, building and loan association, savings association, federal savings and loan association incorporated pursuant to the "Home Owner's Loan Act of 1933," federal home loan bank, or any branch of any of the foregoing financial institutions may remain closed on any certain week day designated by the board of directors of such financial institution. Not less than fifteen nor more than thirty days before closing on said certain week day, such financial institution shall post a notice in a conspicuous place in the lobby of its principal office and the lobby of each branch affected by such week day closing stating that on and after a day certain and until further notice given in like manner such financial institution will remain closed on a certain week day. Concurrently with the posting of said notice, such financial institution shall publish a notice once a week for two consecutive weeks in a newspaper of general circulation in the county in which such financial institution or a branch thereof and affected thereby is located. Such notice shall set forth the week day on which such financial institution or branch thereof will remain closed and the date when said closing becomes effective. Such publication or posting of a notice shall not be required of financial institutions which have, prior to January 1, 1953, closed on a certain week day * * * *

CHAPTER 7: PROCESS, PUBLICATION

7.01—Process.

Process shall be under the seal of the court from which it issues, shall be styled "The State of Ohio,County," shall be signed by the clerk of such court, and shall bear the date of the day it actually is issued.

7.10—Rates for legal advertising; definition of square.

For the publication of advertisements, notices and proclamations required to be published by a public officer of the state, county, municipal corporation, township, school, benevolent or other public institution, or by a trustee, assignee, executor, or administrator, or by or in any court of record, except when the rate is otherwise fixed by law, publishers of newspapers may charge for the first insertion one dollar and fifty cents for each square, and for each additional insertion, authorized by law or by the person ordering the insertion, seventy-five cents for each square.

Fractional squares shall be estimated at a like rate for space occupied. In advertisements containing tabular or rule work, fifty per cent may be charged in addition to the foregoing rates. Newspapers having a circulation of over twenty-five thousand shall charge and receive for such advertisements,

notices and proclamations rates charged on annual contracts by them for a like amount of space to other advertisers who advertise in its general display advertising columns. The publisher shall make and file with his bill before its payment an affidavit that the newspaper had a bona fide circulation of more than twenty-five thousand at the time the advertisement, notice or proclamation was published, and that the price charged in the bill did not exceed the rates provided in this section for such advertisements, notice or proclamation.

As used in this section, a square is a space occupied by two hundred forty ems of the type used in printing such advertisements. Legal advertising shall be set in a compact form, without unnecessary spaces, blanks, or headlines, and printed in type not smaller than nonpareil. The type used must be of such proportions that the body of the capital letter M is no wider than it is high and all other letters and characters are in proportion.

Except as may be done under section 2701.09 of the Revised Code, all legal advertisements or notices shall be printed in newspapers published in the English language only.

This statute fixes the maximum rate, but no minimum rate. Hence it is practicable to contract for a much lower rate than the maximum. McCormick v. Niles, 81 O.S. 246 (1909).

The rates prescribed by section 7.10, are maximum rates only, and a city through its public offices may enter into a contract with the publisher of a newspaper therein for the publication of the financial report of the chief fiscal officer of such city, at rates less than those provided for by Section 7.10, and in such case the publisher of the newspaper publishing such report is entitled to recover only the amount provided for in said contract. 1928 OAG 2162.

7.11—Notices, proclamations, and orders to be published in two newspapers.

A proclamation for an election, an order fixing the time of holding court, notice of the rates of taxation, bridge and pike notices, notice to contractors, and such other advertisements of general interest to the taxpayers as the county auditor, county treasurer, probate judge, or board of county commissioners deems proper shall be published in two newspapers of opposite politics of general circulation as defined in section 5721.01 of the Revised Code at the county seat if there are such newspapers published thereat. If there are not two newspapers of opposite politics and of general circulation published in said county seat, such publication shall be made in one newspaper published in said county seat and in any other newspaper of general circulation in said county as defined in section 5721.01 of the Revised Code, wherever published, without regard to the politics of such other newspaper. In counties having cities of eight thousand inhabitants or more, not the county seat of such counties, additional publications of such notice shall be made in two newspapers of opposite politics and of general circulation in such city as defined in such section. For purposes of this section, a newspaper independent in politics is a newspaper of opposite politics to a newspaper of designated political affiliation. Sections 7.10 to 7.13, inclusive, of the Revised Code do not apply to the publication of notices of delinquent and forfeited land sales.

7.12—Newspapers qualified for publication of legal notices; office of publication.

Whenever any legal publication is required by law to be made in a newspaper published or printed in a municipal corporation, county, or other political subdivision, the newspaper used shall have at least one side printed in such municipal corporation, county, or other political subdivision; and whenever any legal publication is required by law to be made in a newspaper of general circulation in a municipal corporation, county or other political subdivision, without further restriction or limitation upon a selection of the newspaper to be used, such publication shall be made in a newspaper at least one side of which is printed in such municipal corporation, county, or other political subdivision, unless there is no such newspaper so printed, in which event, such publication shall be made in any newspaper of general circulation therein. If there are

less than two newspapers published and printed in any municipal corporation, county, or other political subdivision in the manner defined by this section, then any legal publication required by law to be made in a newspaper published or printed in a municipal corporation, county, or other political subdivision may be made in any newspaper regularly issued at stated intervals from a known office of publication located within the municipal corporation, county or other political subdivision. As used in this section a known office of publication is a public office where the business of the newspaper is transacted during the usual business hours, and such office shall be shown by the publication itself.

A change in ownership and a suspension of publication for a period of approximately two months does not cause a newspaper to lose its character as a "newspaper of general circulation" as that phrase is defined in this section and section 5721.03, Revised Code. 1946 OAG No. 824.

7.13—Expense of publishing certain notices allowed as costs.

The publication of an advertisement, notice, or proclamation, required by law to be published in a newspaper by a trustee, assignee, executor, administrator, receiver, or other officer of the court or a party in a case or proceeding, shall be approved by the court or clerk thereof and allowed as a part of the costs in the case or proceeding.

7.14—Publication in newspapers other than those named in statute.

When it is provided by statute that a notice shall be published in a newspaper and no such newspaper is published in the county or other place mentioned, or if it is published there and, on tender of his usual charge for a similar notice, the publisher refuses to insert it in his newspaper, then a publication in a newspaper of general circulation in the county or other place mentioned is sufficient.

7.15—Deposit required for service by publication; return of deposit.

In any action brought in any court, other than the probate court, in which service by publication is made, the party causing such publication to be made shall deposit with the clerk or other proper officer of such court an amount of money as determined by the clerk to be sufficient to cover the cost of such publication, and the clerk may pay from such deposit the cost of such publication upon its completion and the filing of proof of publication. If court costs are taxed against a party to such action, other than the party making such deposit, the clerk or other proper officer may, upon the payment of such costs, return said deposit to the party who made it.

CHAPTER 9: MISCELLANEOUS

9.25—Purchase of surplus commodities.

Whenever the superintendent of purchases and printing or the director of highways finds that personal property can be obtained from the federal government at prices less than would be obtained by taking bids as provided by law for the purchase from private persons, said superintendent or said director may purchase, lease, or obtain the use of said property directly from the federal government without the necessity of advertising to obtain bids, without notice, and upon such formalities and such terms as are provided by the federal government * * * *

TITLE I—STATE GOVERNMENT

CHAPTER 101: GENERAL ASSEMBLY

101.47—Deposition on complaint.

[Anyone may request the House of Representatives to investigate any official liable to impeachment. For this purpose the person making the complaint may take depositions of witnesses to gather the needed material. The official complained of is to be given notice as under sections 2319.15 to 2319.17, inclusive, and such notice may be left at his place of residence in Ohio.]

* * * * If he has no known place of residence in the state, such notice may be published in a newspaper printed in the county of the state where he last resided, for three consecutive weeks next preceding the time of taking the depositions.

101.71—Employer of lobbyist must register.

[Requires that those persons or firms who employ agents to influence the legislative process, must file, with the secretary of state, information identifying the persons so involved, and the nature of the legislation to be affected.]

* * * * This section does not apply to a bona fide newspaper, journal or magazine, or a bona fide news bureau or association which furnishes information solely to bona fide newspapers, journals, or magazines, in employing correspondents to furnish information or news for publication only.

101.72—Certificates required.

[Prohibits the appearance before any committee of the legislature of any person who is gainfully engaged to affect the legislative process in the purview of the next preceding section.]

* * * * This section does not apply to the furnishing of information or news to any bona fide newspaper, journal, or magazine for publication, or to any news bureau or association which furnishes information or news only to bona fide newspapers, journals, or magazines for publication. This section does not apply to any person who appears in response to a written invitation from the general assembly or either house thereof, or from any appointed committee of such general assembly or either house thereof.

101.76—No person shall be employed on a contingent basis.

No person, firm, corporation, or association shall be employed with respect to any matter pending or that might legally come before the general assembly or either house thereof, or before a committee of the general assembly or either house thereof, for a compensation dependent in any manner upon the passage, defeat, or amendment of any such matter, or upon any other contingency in connection therewith.

CHAPTER 107: GOVERNOR

107.09—Publication of decennial apportionment.

Immediately after the determination of each decennial apportionment for members of the general assembly the governor shall cause such apportionment to be published for four consecutive weeks in three newspapers, one in Cincinnati, one in Cleveland, and one in Columbus.

CHAPTER 109: ATTORNEY GENERAL

109.18—Service by publication.

If a writ or mesne process in proceedings in quo warranto is returned “not found” by the sheriff of the county in which the company is authorized by law to have its place of business, the clerk of the court in which the information or other proceeding is filed shall issue a notice of the filing and substance thereof, and cause it to be published once a week for six consecutive weeks in a newspaper printed and of general circulation in the county wherein such company is authorized to have its place of business. An affidavit of the publication together with a copy of the notice shall be filed in the office of the clerk * * * *

CHAPTER 117: BUREAU OF INSPECTION AND SUPERVISION OF PUBLIC OFFICES

117.19—Forfeiture for failure to publish financial report.

On or before the thirty-first day of March annually, the chief fiscal officer of each political subdivision or taxing district of each county shall prepare a financial report for the preceding fiscal year, in such form as will comply with the requirements of the bureau of inspection and supervision of public offices, and shall publish such report in a newspaper published in the political subdivision or taxing district and, if there is no such newspaper, then in a newspaper of general circulation in the political subdivision or taxing district * * * *

A paper published by the student body for the public schools of a county school district, containing news strictly pertaining to the activities of the county schools, is not a “newspaper” in the sense that the word is used in this section. 1928 OAG 1864.

The annual financial report made by the fiscal officer of municipality should be published in a newspaper and the penalty provided may be exacted from the fiscal officer for failure to so publish. 1928 OAG 1831.

A municipality, by virtue of the home rule provisions of the Constitution, may provide for the publication of financial reports in any manner it sees fit in addition to the publication of the financial report made by the fiscal officers as provided by this section. 1928 OAG 1831.

CHAPTER 119: ADMINISTRATIVE PROCEDURE

119.03—Procedure for adoption, amendment, or rescission of rules.

In the adoption, amendment, or rescission of any rule an agency shall comply with the following procedure:

(A) Reasonable public notice shall be given at least thirty days prior to the date set for a hearing, in such manner and form and for such length of time as the agency determines * * * *

In addition to such public notice, the agency may give whatever other notice it deems necessary. Each agency shall adopt a rule setting forth in detail the method which such agency shall follow in giving public notice as to the adoption, amendment, or rescission of rules.

119.07—Notice of hearing; contents; notice of order of suspension of license; publication of notice; effect of failure to give notice.

Except when a statute prescribes a notice and the persons to whom it shall be given, in all cases in which section 119.06 of the Revised Code requires an agency to afford an opportunity for a hearing prior to the issuance of an order, the agency shall give notice to the party informing him of his right to a hearing. Such notice shall be given by registered mail * * * *

When any notice required by sections 119.01 to 119.13, inclusive, of the

Revised Code, to be sent by registered mail, is returned because of inability to deliver, the notice required shall be published once a week for three consecutive weeks in a newspaper of general circulation in the county where the last known place of residence or business of the party is located. A copy of the newspaper, with the first publication of said notice marked, shall be mailed to the party at such address and the notice shall be deemed received as of the date of the last publication * * * *

CHAPTER 123: DEPARTMENT OF PUBLIC WORKS

123.15—Authority to contract.

The director of public works may enter into contracts with proper persons for the performance of labor, the furnishing of materials, or the construction of any structures and buildings necessary to the maintenance, control, and management of the public works of the state, or any part thereof * * * *

Except in cases of extreme public exigency or emergency, and when the cost of any proposed improvement or repair exceeds five hundred dollars, the director shall give notice in a newspaper of general circulation in or contiguous to the county where the contract is to be let and where the work is to be done, and he may also advertise in such trade journals as will afford full information to the public of the terms of the contract and the nature of the work to be performed and the character of materials required, together with the time of the letting and place and manner of receiving proposals * * * *

123.23—Copy of certificate delivered to owner.

[This provision is a part of the law which authorizes the director of public works to take, in an exigency, possession of privately owned lands and other property, necessary to maintain the public works. If agreement about compensation for such a requisition cannot be reached, then the director of public works writes out a certificate identifying the property, the amount offered for compensation and other relevant data. This certificate is to be delivered to the owner of the acquired property, as a basis of a possible appeal to court. Section 123.23 then provides:]

* * * * If the owner or guardian is not a resident of the state, or his place of business is unknown, notice may be given to him by the publication of the certificate for four consecutive weeks in a newspaper of general circulation in the county in which the property is situated * * * *

123.31—Notice of proceedings.

[This section is a part of the law authorizing the appropriation of property by the director of public works in cases other than public exigency. The director writes out a certificate and delivers it in the same manner as prescribed in Section 123.23. This includes the possibility of notice by a newspaper. If the owner objects he has recourse to a court. At the time the judge issues a venire to summon a jury, the owner is to be notified. Section 123.31 then provides:]

* * * * Such notice shall contain a description of the property, the name of the owners, if they are known, and the time and place of the trial in the probate court. The sheriff shall serve the notice and make return thereof as in other cases. If an owner of property is a nonresident of the state, or if he is unknown, publication of such notice shall be made in a newspaper published in the county at least thirty days next preceding the commencement of the trial * * * *

123.64—Rights of occupants or persons claiming ownership may be forfeited.

[This provision is a part of the law dealing with the leases of state owned lands to individuals.]

* * * * The director of public works shall give a public notice by advertisement published for at least two consecutive weeks in some newspaper printed and generally circulated in the county where such land is situated that he will lease such property upon the terms provided for in such sections, and he may, subject to the conditions of such sections, so lease said land on the day so named in such notice, or any other day thereafter * * * *

123.68—Land may be sold.

Any land belonging to the state, * * * that cannot be leased so as to yield six per cent on the valuation thereof, * * * may be sold * * * Such land shall be offered for sale at public vendue, after at least thirty days' notice given by publication in two papers of opposite politics of general circulation in such county * * * *

CHAPTER 125: DEPARTMENT OF FINANCE

125.33—Notice for proposals to furnish paper.

[This section is a part of the law dealing with public printing and the supervision of such printing by the department of finance. Among other things, the department also ascertains and fixes the amount and grades of all paper necessary for the use of the legislature and other offices of the state. Section 125.33 then provides as follows:]

When the amount and grades of paper are ascertained and fixed as provided in section 125.32 of the Revised Code, the department of finance shall give notice weekly for four consecutive weeks, in at least three daily newspapers printed and of general circulation in the state, immediately preceding the second Monday of September, that sealed proposals for furnishing such paper will be received at the office of the department until twelve noon, on the second Monday of September following * * * *

125.35—Department may reject bids.

727.08—Improvement of boundary street between two municipal corporations by agreement.

Whenever the boundary line between two municipal corporations is located within or along the side lines of a street, avenue, or other public highway, such municipal corporation may enter into an agreement for the improvement of such street, avenue, or other highway in such manner as the respective legislative authorities thereof determine. The agreement may provide for any of the improvements specified in section 727.01 of the Revised Code, and the cost and expense thereof may be assessed upon the property specially benefited thereby, in the manner provided in such section, and to the same extent and subject to the same limitations as provided by sections 727.01 to 727.68, inclusive, of the Revised Code, for the levy and collection of special assessments for street improvements * * * Such agreement shall designate one of the municipal corporations to take exclusive charge of the details of construction of the improvement, including advertising for bids and awarding the contract * * *

Bonds may be issued and sold in anticipation of the collection of deferred installments of assessments by the municipal corporation levying the assessments, and bonds may likewise be issued and sold by either municipal corporation for the purpose of paying its share of such improvement under the conditions and limitations, and in the manner provided by sections 133.01 to 133.65, inclusive, of the Revised Code.

727.09—Resolution of necessity.

When it is deemed necessary by a municipal corporation to make a public improvement to be paid for in whole or in part by special assessments, the legislative authority thereof shall declare the necessity for such improvement by resolution, three-fourths of the members elected thereto concurring * * * Such resolution shall be published as other resolutions, but shall take effect upon its first publication.

The resolution declaring the necessity of an improvement must be published. State v. Amlin, 1 NP(NS) 517, (1903).

727.14—Notice.

Notice of the passage of a resolution of necessity under section 727.09 of the Revised Code shall be served by the clerk of the legislative authority of a

municipal corporation, or an assistant, upon the owner of each piece of property to be assessed, in the manner provided for the service of summons in civil actions. If any such owners or persons are not residents of the county, or if it appears by the return that the owner cannot be found, the notice shall be published at least twice in a newspaper of general circulation within the municipal corporation. Whether such notice is given by service or publication, it shall be completed at least twenty days before the improvement is made or the assessment levied, and the return of the officer or person serving the notice, or a certified copy of such return, shall be prima-facie evidence of the service of the notice as required by this section.

Statute permitting publication of notice of assessment if residence of resident owner cannot be found implies that return must have been based on actual, bona fide and completely exhausted search. Cincinnati v. Shaffer, 46 App 73 (1933).

When it is sought to levy special assessments for street improvement on school property the notice of the passage of the resolution of necessity provided in this section, should be served on the board of education having title to said school property in the manner provided for the service of process on said board of education in civil cases. There is no authority to make such service by publication. 1927 OAG 381.

727.28—Letting of contract.

The contract for a public improvement to be paid for in whole or in part by special assessments shall be let by the director of public service in accordance with sections 735.05 to 735.09, inclusive, of the Revised Code, and in case all bids are rejected the director of public service in cities and the legislative authority in villages may order a readvertisement for bids.

727.29—Special assessments deemed valid and binding.

* * * * In the construction of sewers, except main or district sewers, notice of the passage of the resolution therefor shall be made in the manner provided by section 727.14 of the Revised Code.

This section is not unconstitutional by reason of not requiring personal notice to resident owner of an assessment for a trunk sewer; there being no personal liability the proceeding is in rem and the notice by publication is sufficient. Thatcher v. Toledo, 2 App 357 (1914).

727.36—Ordinance for sprinkling, sweeping, and cleaning.

The legislative authority of a city, upon the recommendation of the director of public service, or the legislative authority of a village, may provide by ordinance for the sprinkling with water, sweeping, or cleaning of the streets or alleys, or parts thereof, mentioned in section 727.34 of the Revised Code. To carry out this section and sections 727.33 to 727.35, inclusive, of the Revised Code, one ordinance may be made to include one or more streets or alleys, or parts thereof, and one or more of the powers granted by such sections.

727.37—Notice to owners of lots and lands.

Notice of the passage of the ordinance mentioned in section 727.36 of the Revised Code shall be given the owners of lots and lands to be assessed for the payment of the cost and expense of the work provided for by such ordinance, by publishing the ordinance at least once in a newspaper published and of general circulation within the municipal corporation, and no other or further notice shall be required.

727.41—Street lighting may be assessed upon abutting property; notice.

When a petition signed by three-fourths in interest of the owners of property abutting upon any street, avenue, or other public place, or any part thereof, is presented to the legislative authority of a municipal corporation for the improvement thereof by an improved system of lighting, commonly known as

boulevard or white-way lighting, to be paid for in whole or in part by special assessments upon the adjacent, abutting, or specially benefited property, such legislative authority may provide by ordinance for such system of lighting, and it may provide by a separate ordinance for the levy and collection of special assessments therefor. To carry out this section and sections 727.42 and 727.43 of the Revised Code, one ordinance providing for such system of lighting, and one ordinance providing for the assessments may be made to include one or more streets, avenues, or public places, or parts thereof.

727.42—Notice of passage of ordinance.

Notice of the passage of the ordinance mentioned in section 727.41 of the Revised Code providing for a system of lighting shall be given the owners of lots and lands to be assessed for the payment of the cost of such system of lighting, by publishing the ordinance in the manner provided by section 731.21 of the Revised Code, and no other notice shall be required.

727.53—Notice of assessment to be published.

Before adopting an assessment made as provided in sections 727.01 to 727.68, inclusive, 729.01 to 729.15, inclusive, 729.21, 729.22, and 729.31 to 729.52, inclusive, of the Revised Code, the legislative authority of a municipal corporation shall publish notice for three consecutive weeks in a newspaper of general circulation in the municipal corporation, that such assessment has been made and is on file in the office of the clerk of the legislative authority for the inspection and examination of persons interested therein.

727.54—Cost of improvement.

727.56—Assessment and penalty recovered by suit; enforcement of lien.

If payment of a special assessment is not made by the time stipulated in the ordinance providing therefor, the amount assessed, with interest, and a forfeiture of five per cent thereon, may be recovered by suit before a justice of the peace, or other court of competent jurisdiction, in the name of the municipal corporation, against the owner, but such owner shall not be liable under any circumstances beyond his interest in the property assessed at the time of the passage of the ordinance or resolution to improve.

* * * * In proceedings to enforce the lien, when the owner of any lot or land assessed is a nonresident of this state, or is unknown, notice shall be given by publication in the manner prescribed by law in similar cases.

729.02—Notice to construct or repair sidewalks.

729.03—Service upon agent or owner.

If it appears in any return under sections 729.02 and 729.03 of the Revised Code, that the owner is a nonresident of the county, or that neither the owner

nor agent nor his place of residence could be found, publication of a copy of the resolution in a newspaper of general circulation in the municipal corporation, in the manner provided by section 727.14 of the Revised Code for service by publication of resolutions for street improvements, is sufficient notice to such owner, but no publication of the resolution shall be necessary in the case of construction or repair of sidewalks, curbing, and gutters where the notice is served upon the owner or agent as provided in sections 729.02 and 729.03 of the Revised Code.

729.09—Contents of sidewalk construction or repair resolution.

In the passage of the resolution under section 729.02 of the Revised Code declaring that certain specified sidewalks, curbing, or gutters shall be constructed or repaired, and in all the subsequent procedure necessary to secure such construction or repair and collect the assessment therefor, sidewalks, curbing, or gutters, although upon different streets and abutting upon lots or land owned by different persons, may be provided for in the same resolution, notice, contract, and ordinance or other step in such procedure.

When the legislative authority in villages declares by resolution, or the director of public service in cities orders, that specified sidewalks, curbing, or gutters shall be cleaned so as to be free from weeds, grass, dirt, snow, or any other objectionable substance, the clerk of the legislative authority in villages, or the director of public service in cities, shall cause notice of the passage of such resolution, or of such order, to be served upon the owners of each parcel of land abutting on the sidewalks, curbing, or gutters ordered cleaned. The notice shall be given in the manner provided by sections 729.02 to 729.04, inclusive, of the Revised Code.

729.34—Notice of completion of plan to be advertised.

When a plan of sewerage has been prepared as provided by section 729.31 of the Revised Code, the legislative authority of the municipal corporation shall give at least ten days' notice in one newspaper of general circulation in the municipal corporation, stating that such plans have been prepared and are filed in the office of the clerk of the legislative authority for examination and inspection by parties interested.

The work shall be advertised and the contract shall be awarded to the lowest and best bidder in the manner provided by section 727.28 of the Revised Code.

729.41—Construction of sewers without adopting plan or dividing municipal corporation into districts.

(C) If no English newspaper is published and of general circulation in the municipal corporation, then in any English newspaper of general circulation therein or by posting as provided in section 731.25 of the Revised Code, at the option of the legislative authority of such municipal corporation. Proof of the publication and required circulation of any newspaper used as a medium of publication as provided by this section shall be made by affidavit of the proprietor of either of such newspapers, and shall be filed with the clerk of the legislative authority.

When a sheriff, or other officer, by virtue of an execution, levies upon goods and chattels which afterward remain upon his hands unsold for want of bidders, for the want of time to advertise and sell, or for other reasonable cause, for his own security, he may take of the defendant a bond with security in such sum as he deems sufficient, to the effect that the property shall be delivered to the officer holding an execution for the sale of it at the time and place appointed by such officer, either by notice given in writing to the defendant in execution, or by advertisement published in a newspaper printed in the county, naming therein the day and place of sale. If the defendant fails to deliver the goods and chattels at the time and place mentioned in the notice, or to pay to the officer holding the execution the full value of such goods and chattels, or the amount of the debt and costs, the bond shall be considered as broken, and may be proceeded on as in other cases.

2329.27—Publication.

When the advertisement provided for in section 2329.26 of the Revised Code, is made in a newspaper published weekly, it is sufficient to insert it in five consecutive numbers. If there is both a daily and weekly edition of the paper selected, and the circulation of the daily in the county exceeds that of the weekly, or if the lands and tenements taken in execution are situated in a city, and there is published both a daily and weekly edition of the paper selected, and the circulation of the daily exceeds that of the weekly, it is sufficient to publish the advertisement in the daily once a week or five consecutive weeks before the day of sale, each insertion to be on the same day of the week. The expense of such publication in a daily shall not exceed the cost of publishing it in a weekly. All sales made without such advertisement shall be set aside, on motion, by the court to which the execution is returnable.

2329.38—Printer's fee.

When such real estate or a part of it has been two times appraised and thereafter advertised and offered for sale, and is unsold for want of bidders, the court may direct the amount for which it shall be sold.

LIBEL

The following text and annotations of case law are not intended to be, nor should they be taken as, an exhaustive treatment of the subject of libel nor as a substitute for the employment of legal counsel.

For various reasons, material relating to slander, other than the definition of slander, has been eliminated, except in so far as the principles announced in cases dealing with slander also apply to libel.

Inclusion of the material on libel is designed merely to give a general view of the field of libel as a matter of information. As specific problems arise, it is suggested that the reader's counsel consult the several annotated codes for more comprehensive annotations.

Slander per se consists of words spoken of another which are false and (1) charge an indictable offense involving moral turpitude or infamous punishment or (2) impute some offensive or contagious disease calculated to deprive the person of society or (3) tend to injure him in his trade, occupation or profession or (4) affect the chastity of a woman. In slander per se, the injured person does not need to allege and prove special damages in order to recover. The words themselves must be such that the natural tendency is to produce injury.

False spoken words which do not naturally tend to produce injury, but which with explanation fall into the above categories and produce injury are said to be slanderous per quod, for which the injured person may recover upon pleading and proving special damages.

Libel per se has been defined as a false and malicious publication against a person, either in print or in writing or by pictures, with intent (1) to injure his reputation or (2) to expose him to public hatred, contempt or ridicule or (3) to affect him injuriously in his trade, business or profession. The injured person need not allege and prove special damage in order to recover. The words published must inherently tend to produce the injury complained of.

Libel per quod relates to a publication falling into one of the above categories, but which requires explanation because the words do not inherently tend to produce the injury complained of. The injured person must allege and prove special damage in order to recover.

Other statutory provisions contained below in this book provide for certain defenses to actions for libel. Certain other defensive matter may be used to mitigate or reduce damages. The annotations hereinafter set out will indicate some of the defenses to an action for libel.

LIBEL

Definition.

Libel is any false and malicious publication of, and concerning anyone, either in print, writing or by pictures, with intent to injure his reputation and expose him to public hatred, contempt or ridicule; anything written or printed which reflects upon the character of another and is published without lawful justification or excuse is a libel, whatever the intention may have been. (1905) *Mengert v. News Printing Co.*, 50 Bull. 414.

SLANDER

Definition.

Words imputing the guilt or commission of some criminal offense involving moral turpitude and infamous punishment, or words imputing the existence of some contagious disease, or the unfitness in an officer who holds an office of profit or emolument, either in respect of morals or inability to discharge the duties thereof, or words imputing a want of integrity or capacity, whether mental or pecuniary, in the conduct of a trade or profession, trade, or business, or words imputing want of chastity, are actionable per se. (1929) *Slavinas v. Ambrose*, 27 N.P. (N.S.) 279.

LIBEL

In General.

In action for libel, question is whether publication is calculated to lead persons reading it to believe it referred to plaintiff, not whether publication referred to plaintiff. (1930) *Woolf v. Scripps Pub. Co.*, 35 App. 343, 172 N.E. 389, 32 O.L.R. 519.

A cause of action is stated, in a petition alleging that the publisher of a newspaper caused to be printed and published an article concerning a heinous crime, connecting a named individual with that crime, and maliciously, carelessly, and negligently printing a picture of the plaintiff as the picture of the man charged with connection with the crime. Such a printing and publishing is libelous. (1935) *Petransky v. Repository Printing Co.*, 51 App. 306, 4 O.O. 507, 200 N.E. 647.

Printed words of ridicule or contempt, which relate solely to political views, or arguments on questions of public interest, which do not attack the character of a person, or impute to him immorality or a violation of the law, but which tend merely to lessen a man in public esteem, or to wound his feelings, are not actionable without alleging special damages. (1941) *Sweeney v. Beacon Journal Publishing Co.*, 66 App. 475, 20 O.O. 486, 35 N.E. (2d) 471.

Whatever spoken words will sustain a suit for slander, will, if written, sustain a suit for libel if they are written and published, and many charges not slanderous, will, if written, sustain an action in libel if the tendency of the publication, being malicious, is to degrade and lessen the standing of the person of whom the publication is made. (1950) *Ward v. League for Justice*, 57 O.L.A. 197, 93 N.E. (2d) 723 (App.).

An article must be considered as a whole in determining whether it is libelous. (1919) *Tappmeyer v. Journal-Republican Co.*, 22 N.P. (N.S.) 337, 31 O.D. 32. (1909) *Shallenberger v. Scripps Pub. Co.*, 8 N.P. (N.S.) 633, 20 O.D. 651.

The publication of a person's portrait in a newspaper with a statement thereunder concerning the implication of another person with a crime, causing the person whose portrait was published to be discharged from his employment, was held to be actionable although published by mistake. (1935) *Petransky v. Vindicator Printing Co.*, 20 O.L.A. 82.

Words libelous per se.

To publish that a person is said to have been in the workhouse and have a criminal record is libelous per se. (1893) *Post. Pub. Co. v. Moloney*, 50 O.S. 71, 33 N.E. 921.

Where in an action for libel no special damages are alleged, the article complained of is either a libel per se or it is not a libel at all. (1910) *Hunt v. Meridian Printing Co.*, 17 C.C. (N.S.) 293, 32 C.D. 151.

An article is libelous per se when, if believed by the community to be true, it will work substantial harm. (1903) *Mauk v. Brundage*, 68 O.S. 89, 67 N.E. 152, 62 L.R.A. 477.

Publication of a preamble to an order of the board of health as to the conduct of physicians and surgeons, charging carelessness and negligence in certain cases, is libelous per se. (1903) *Mauk v. Brundage*, 68 O.S. 89, 67 N.E. 152, 62 L.R.A. 477.

A newspaper publication which charges a policeman with having taken money from a prisoner, for which he had refused to account, charges a crime involving moral turpitude and is libelous per se. (1906) *Todd v. East Liverpool Pub. Co.*, 9 C.C. (N.S.) 249, 19 C.D. 155.

To constitute a publication respecting a person libelous per se, it must appear that the publication reflects upon the character of such person by bringing him into ridicule, hatred, or contempt, or affects him injuriously in his trade or profession; hence, a published statement, in a newspaper of and concerning a woman, that she "had hysterics," the same not containing any imputation upon her as an individual, or in respect to her profession or business, is not, though untrue, per se libelous, and cannot be made a ground of recovery of damages in the absence of proof of special damage. (1911) *Cleveland Leader Printing Co. v. Nethersole*, 84 O.S. 118, 95 N.E. 735.

The following libels are libelous per se: (1) libels which impute to a person the commission of an indictable offense, involving moral turpitude or infamous punishment; (2) that which has a tendency to hold a person up to scorn and ridicule, and to feelings of contempt, or impair one in the enjoyment of general society; and (3) that which has a tendency to injure one in his office, trade, calling or profession. (1915) *G. M. McKelvey Co. v. Nanson*, 5 App. 73, 24 C.C. (N.S.) 314, 26 C.D. 390.

Publication of statements concerning a candidate for judge that "he does not possess the essential qualifications to serve in the office which he seeks," and "in our opinion he is not qualified for the bench and should not be elected," is not libel per se. (1934) *Hogan v. Forest City Pub. Co.*, 19 O.L.A. 127.

It is libelous per se to erroneously write that a person is a communist or of communistic sympathy. (1948) *Burrell v. Moran*, 38 O.O. 185, 82 N.E. (2d) 334 (C.P.).

It is libelous per se to write of a man as a communist, that label tending to taint him as a man of disrepute. (1950) *Ward v. League for Justice*, 57 O.L.A. 197, 93 N.E. (2d) 723 (App.).

Printed words of ridicule or contempt, which relate solely to political views or arguments on questions of public interest, and which do not attack the character of a person and do not impute immorality or a violation of law, but merely tend to lessen a man in public esteem or to wound his feelings, are not libelous per se. (1919) *Holloway v. Scripps Pub. Co.*, 11 App. 226, 30 O.C.A. 599.

Imputations Relating to Employment or Office.

It is libelous per se falsely to impute to a person in his character as a public officer misconduct or a want of integrity or to charge that he has been induced to act in his official capacity by a pecuniary or other improper consideration. (1947) *Westropp v. E. W. Scripps Co.*, 148 O.S. 365, 35 O.O. 341, 74 N.E. (2d) 340.

A simple statement that a person is disloyal in connection with his employment is not libelous per se. (1952) *Johnson v. Campbell*, 91 App. 483, 49 O.O. 68, 108 N.E. (2d) 749.

Malice.

Unless the article published was entirely true, the law implies malice and liability will attach and the plaintiff can recover damages. (1890) *Kahn v. Cincinnati Times-Star*, 8 N.P. 616, 10 O.D. 599.

Where the published words are actionable per se, the law will imply malice of the character necessary to support a judgment for plaintiff; in

order to make out a prima facie case, actual malice need not be proved. (1947) *Westropp v. E. W. Scripps Co.*, 148 O.S. 365, 35 O.O. 341, 74 N.E. (2d) 340.

PUBLICATION

What constitutes.

Printing a libel, coupled with allowing others to read it, or delivering it for distribution, is publishing. (1845) *Pugh v. Starbuck*, 1 Dec. Rep. 143, 2 W.L.J. 503.

DEFENSES

Statements Made by Another.

A newspaper publication charging a crime involving moral turpitude does not lose its libelous character by reason of the fact that it was a mere repetition of what others had said. (1906) *Todd v. East Liverpool Pub. Co.*, 9 C.C. (N.S.) 249, 19 C.D. 155.

Truth of Charge.

When charge is alleged in petition, defense that it is true must meet and answer the substance of the defamatory charge, substantial justification being sufficient. (1925) *Lowry v. Stantz*, 3 O.L.A. 375.

Matters of Public Concern.

A libelous charge against a public officer cannot be defended by the newspaper printing it on the ground that it was of public interest and, as such, was privileged, but to make the defense of privilege available it must be shown that reasonable diligence was used to ascertain the truth of the charge and that it was published in good faith. (1906) *Todd v. East Liverpool Pub. Co.*, 9 C.C. (N.S.) 249, 19 C.D. 155.

Broad immunity is conferred upon the discussion of matters of public concern in the form of expressions of opinion, but the rule that fair comment on the criticism of the acts and conduct of a public officer are, in the absence of malice, privileged, has no application where the written publication complained of is a false statement of fact and made with knowledge that it is false. (1947) *Westropp v. E. W. Scripps Co.*, 148 O.S. 365, 35 O.O. 341, 74 N.E. (2d) 340.

Where an act is really done by an officer, the public press may comment upon it and bring it up before the public for public condemnation, if it is wrongful. (1906) *Todd v. East Liverpool Pub. Co.*, 9 C.C. (N.S.) 249, 19 C.D. 155.

Criticism of a public officer, even to the point of severity or ridicule, and deductions from his acts and conduct where made with a show of reason and with good motives, do not fall within the realm of libel. (1909) *State v. Harris*, 7 O.L.R. 626, 56 Bull. 86.

General Code Sec. 11343-1 and 11343-2, which provide that the publication of fair and impartial reports of proceedings before executive, legislative or judicial officials is privileged, are valid and constitutional. (1917) *Heimlich v. Dispatch Printing Co.*, 6 App. 394, 27 O.C.A. 333, 29 C.D. 149. (1898) *Parks v. Enquirer Co.*, 16 C.C. 409, 8 C.D. 621.

Comment on Candidates.

While a candidate for public office does not thereby waive all rights of action for injuries to his reputation, he gives to the general public a right to employ a greater freedom of expression concerning his qualifications and characteristics than would have been permissible had he not been a candidate. (1915) *Foster v. Fesler*, 19 N.P. (N.S.) 12, 27 O.D. 127.

Miscellaneous.

A newspaper has no greater right to comment on and criticise a public officer than an individual has. If facts are charged against him and are untrue, they cannot be called criticism. (1882) *Cincinnati Gazette Co. v. Bishop*, 6 Dec. Rep. 1113, 10 Am.L. Rec. 488, 8 Dec.Rep. 308, 7 Bull. 60. (1879) *Wahle v. Cincinnati Gazette Co.*, 6 Dec.Rep. 709, 7 Am.L.Rec. 541, 7 Dec.Rep. 581, 4 Bull. 61.

EVIDENCE

Presumptions.

The defense of truth pleaded in a libel action casts upon the defendant the burden of going forward with the evidence, there being a presumption of fact that character and reputation are good and therefore that imputations to the contrary are false. (1935) *Dabney v. Russell*, 50 App. 43, 8 O.O. 175, 197 N.E. 409.

Ohio App. 1935. Where a publication is libelous per se, malice will be presumed notwithstanding the reference to plaintiff and the publication of plaintiff's picture in connection with the libelous publication was a mistake on the part of defendant's editor. *Petransky v. Repository Printing Co.*, 200 N.E. 647, 51 Ohio App. 306, 4 O.D. 507, 20 O.L.A. 82.

Ohio App. 1925. Where words concerning plaintiff are false, law infers malice, and where their natural tendency is to injure, law presumes damages. *Peer v. Hoiles*, 3 O.L.A. 653.

CHAPTER 2739: SLANDER: LIBEL

2739.01—Libel and slander.

In an action for a libel or slander, it is sufficient to state, generally, that the defamatory matter was published or spoken of the plaintiff. If the allegation is denied, the plaintiff must prove the facts, showing that the defamatory matter was published or spoken of him. In such action it is not necessary to set out any obscene word, but it is sufficient to state its import.

2739.02—Defenses in actions for libel or slander.

In an action for a libel or a slander, the defendant may allege and prove the truth of the matter charged as defamatory. Proof of the truth thereof shall be a complete defense. In all such actions any mitigating circumstances may be proved to reduce damage.

2739.03—Libel and slander liability of radio and television stations.

(A) The owner, licensee, or operator of a visual or sound radio broadcasting station or network of stations, shall not be liable for any damages for any defamatory statement uttered over the facilities of such station or network by or on behalf of any candidate for public office where such statement is not subject to censorship or control by reason of any federal statute or any ruling or order of the Federal Communications Commission made pursuant thereto, provided, however, that this section shall not apply to any owner, licensee or operator of such visual or sound radio broadcasting station, or network of stations, when such owner, licensee, or operator is a candidate for public office or speaking on behalf of a candidate for public office.

(B) The owner, licensee, or operator, shall not be liable for any damages for any defamatory statement published or uttered in or as a part of a visual or sound radio broadcast, by any other than such owner, licensee, or operator, or agent or employee thereof, if it shall be proved by such owner, licensee, or operator, that he exercised reasonable care to prevent the publication or utterance of such statement in such broadcast time.

(C) If any broadcasting station, at any time, broadcasts, publishes, or

circulates any false statement, allegation, or rumor pertaining or relating to any individual or association of individuals, or to any trade, labor, business, social, economic or religious organization or to any firm, corporation, or business, or to any public official or candidate for a public office, the said broadcasting station upon demand of any person or persons affected or of their representatives, shall broadcast any statement setting forth in proper language the truth pertaining to such statement, allegation, or rumor, which said person or persons or their representatives shall offer to said broadcasting station for broadcast.

(D) Whenever demand has been made for the broadcast of a statement under division (C) of this section, the broadcasting station shall broadcast the same within forty-eight hours following the receipt of such statement. Such statement shall be phrased in proper language and be broadcast without any additions to, or omissions therefrom, in as prominent a time as the original broadcast to which the statement relates. Said broadcasting station shall broadcast such statement without cost to such persons or their representatives; and such broadcast may be proved at the trial of a suit for damages as a mitigating circumstance to reduce damages, provided that any voluntary broadcast made without demand may be used to rebut any presumption of malice or injury on the part of such station growing out of the original broadcast to which the same related. This section does not prevent the injured party from alleging and proving actual malice on the part of the owner, licensee, or operator, and any special damages resulting to him therefrom.

(E) Every statement which broadcasting stations are required to broadcast under division (C) of this section shall be sworn to by the person offering the same for broadcast, but the certificate of the notary or other official showing that the statement was so made under oath, shall not be broadcast.

No person shall willfully swear falsely to any such statement and whoever does so, is guilty of perjury and shall be punished as provided in division (F) of section 2739.99 of the Revised Code.

No broadcasting station shall be held liable in any civil or criminal proceedings for anything in any such statement.

(F) No broadcasting station shall refuse or fail to broadcast and circulate any statement or article if true as required by division (C) of this section.

(G) Any person responsible for refusing to broadcast and circulate any statement mentioned in division (C) of this section shall be fined as provided in division (H) of section 2739.99 of the Revised Code.

The prosecuting attorney of the county in which such broadcasting station is located when complaint is made to him in writing of the refusal or failure of any such broadcasting station or person to comply with divisions (C), (D), (E), (F), and (G) of this section, relative to the broadcasting of such statements, shall investigate said complaint and upon reasonable cause begin proceedings against such broadcasting station or person and prosecute the same.

2739.11—Definitions.

Any person, firm, partnership, voluntary association, joint-stock association, or corporation, wherever organized or incorporated, engaged in the business of printing or publishing a newspaper, magazine, or other periodical sold or offered for sale in this state, is a newspaper company, and any such newspaper, magazine, or other periodical publication is a newspaper within the meaning of sections 2739.13 to 2739.18, inclusive, of the Revised Code.

2739.14—Publishing corrected statements.

Whenever demand has been made for the publication of statements or articles under section 2739.13 of the Revised Code, the newspaper company shall print and circulate the same in the next regular issue or within forty-eight hours following the receipt of such statement or article. Such statement or article shall be phrased in proper language and be printed without any addition to, or omissions therefrom, in the same color of ink, from like type, with headlines of equal prominence, occupying a like space in the same portion of the newspaper as was used in printing the original article complained of, and shall be given the same publicity in all respects and, as nearly as possible, the same circulation as such original article. Such company shall print and publish such statements or article without cost to such persons or their representatives; and such publication may be proved at the trial of a suit for damages as a mitigating circumstance to reduce damages, provided that any voluntary publication made without demand may be used to rebut any presumption of malice or injury on the part of such company growing out of the original publication to which the same related. This section does not prevent the injured party from alleging and proving actual malice on the part of the publisher and any special damages resulting therefrom.

(A) Every statement or article which newspaper companies are required to publish under sections 2739.13 to 2739.18, inclusive, of the Revised Code, shall be sworn to by the person offering the same for publication, but the certificate of the notary or other official showing that the statement was so made under oath, shall not be published.

(B) No person shall willfully swear falsely to any such statement or article and whoever does so, is guilty of perjury.

No newspaper company shall be held liable in any civil or criminal proceedings for anything in such statement or article.

2739.16—Refusal or failure to publish.

(B) Any person responsible for refusing to print, publish, and circulate any statement or article mentioned in division (A) of this section shall be fined as provided in division (C) of section 2739.99 of the Revised Code.

The prosecuting attorney of the county in which such newspaper is published, when complaint is made to him in writing of the refusal or failure of any newspaper company or persons to comply with sections 2739.13 to 2739.18,

inclusive, of the Revised Code, relative to the publication of such statements or articles, shall investigate said complaint and upon reasonable cause begin proceedings against such newspaper company or person and prosecute the same.

2739.17—Prohibition against furnishing false news item.

No person shall contribute or furnish any statement, allegation, or news item to a newspaper, knowing that such a statement, allegation, or news item is untrue. Prosecution under this section shall be upon complaint of such newspaper company or any person injured in property, person, or reputation by the publication of such statement, allegation, or news item.

2739.18—Prohibition against threats of publication to influence official action.

No newspaper company, or owner, officer, editor, writer, or representative thereof, shall attempt improperly to influence any public official for or against any public measure or official action by threats of publication of articles derogatory to such public official, or seek improperly to influence such public official on the floor or in the cloakrooms or committee rooms of any general assembly or other legislative body, to which he has access because of his connection with the newspaper, for or against any proposed law, ordinance, or other legislative act.

No articles specified in sections 2905.33, 2905.34, and 2905.36 of the Revised Code shall be considered a work of art unless such article is made, published, and distributed by a bona fide association of artists or an association for the advancement of art whose demonstrated purpose does not contravene sections 2905.06 to 2905.44, inclusive, of the Revised Code, and which is not organized for profit.

2905.38—Delivering or depositing immoral literature.

CHAPTER 2911: FRAUDS

2911.03—False statements.

The director may advertise for bids in such other publications as he deems advisable. Such notices shall state that plans and specifications for the improvement are on file in the office of the director and the division deputy director of the district in which such improvement or part thereof is located and the time within which bids therefor will be received * * * *

5525.17—Failure of contractor or surety to complete work.

If a contractor has not commenced his work within a reasonable time, or does not carry the same forward with reasonable progress, or is improperly performing his work, or has abandoned, or fails or refuses to complete a contract entered into under Chapters 5501., 5503., 5505., 5511., 5513., 5515., 5517., 5519., 5521., 5523., 5525., 5527., 5529., 5531., and 5533. of the Revised Code, the director of highways shall make a finding to that effect and so notify the contractor in writing, and the rights of the contractor to control and supervise the work shall immediately cease * * * * If, after receiving notice of the action of the director in terminating the control of the contractor over the work covered by his contract, the sureties on such contractor's bond do not within ten days give the director the written notice provided for in this section, the director shall complete the work in the following manner:

(A) He shall first advertise the work for letting in the manner provided

by section 5525.01 of the Revised Code, and the estimated cost at which such work shall be advertised shall be the difference between the original contract price and the amount paid to the original contractor, and at such letting the contract for the completion of the work shall not be let at a price in excess of such estimate unless the director and the sureties on the contractor's bond agree in writing that the lowest and best bid in excess of the estimate be accepted * * * *

(F) Where the estimated cost of completing a defaulted contract does not exceed five thousand dollars, the director may complete the same by force account, or by a contract let without advertisement.

CHAPTER 5531: FEDERAL CO-OPERATION

5531.03—Acceptance of federal funds for elimination of grade crossings.

* * * * To accomplish the improvements contemplated under the "emergency relief appropriation act of 1935," or the "federal road act of 1916," as amended, and any subsequent legislation supplementing or amending either of such acts, or under any other act of congress, the director, in all instances where it is necessary and expedient and the appropriate federal agency is in accord, may proceed with the separation of grades of any public highway or street and a railroad, or the alteration, relocation, reconstruction, change or repair of any crossing of a public highway or street and railroad at which the grades are already separated. The procedure governing such improvements shall be in accordance with sections 5523.01 and 5523.19 and related sections of the Revised Code, as applicable to railroad crossings on the state highway system, except as provided in this section * * * *

Legislative authorities of any political subdivision may, when approved by the director and when co-operating with the department of highways, follow the procedure available to the director in grade elimination projects as provided in Chapters 5501., 5503., 5505., 5511., 5513., 5515., 5517., 5519., 5521., 5523., 5525., 5527., 5529., 5531., and 5533. of the Revised Code, as further modified by this section, but no contracts shall be awarded for the construction of such an improvement until the director has satisfied himself that all needed property is available. For the purpose of expediting such improvements as are undertaken under this section, work may begin on such improvement immediately after the completion of the publication of notice of the intention to proceed with the improvement required in section 5523.11 of the Revised Code, except that the notice need not name any owners not of record or whose place of residence is unknown and cannot, by the exercise of reasonable diligence, be ascertained, or who are nonresidents of the state. Service of notice upon the owners of all property to be taken, and on owners of land abutting on any portion of the highway to be physically changed, or which will be vacated in the construction of the improvement, shall be completed in accordance with section 5523.11 of the Revised Code, within one hundred twenty days after the publication of such notice. Any owners whose place of residence is unknown and cannot, by the exercise of reasonable diligence, be ascertained, or who are nonresidents of the state shall by a further publication, be notified of a time for the presentation of their claims which shall be not less than twenty days after the completion of publication. Such further publication shall be in a newspaper and for such time as is provided in section 5523.11 of the Revised Code. The requirements of the holding of an open meeting to explain the plans, as provided in section 5523.11 of the Revised Code shall be optional with the director in connection with any such improvement.

The board or legislative authority of any municipal corporation may co-operate with the director in any of the improvements described in this section, adopting the appropriate procedure set forth in sections 5521.02, 5521.07, and 5523.15 and related sections of the Revised Code * * * *

(K) Make and enter into all contracts and agreements necessary or incidental to the performance of its duties and the execution of its powers under sections 5537.01 to 5537.23, inclusive, of the Revised Code:

(1) When the cost under any such contract or agreement, other than compensation for personal services, involves the expenditure of more than one thousand dollars, the commission shall make a written contract with the lowest and best bidder after advertisement for not less than two consecutive weeks in a newspaper of general circulation in Franklin county, and in such other publications as the commission determines, which notice shall state the general character of the work and the general character of the materials to be furnished, the place where plans and specifications therefor may be examined, and the time and place of receiving bids; * * * *

5537.06—Appropriation of property and rights of way.

The commission may acquire by appropriation any land, rights of way, franchises, easements, or other property necessary or proper for the construction or the efficient operation of any turnpike project. In any proceedings for appropriation under this section, the procedure to be followed, the estate which shall vest in the state, and the right to possession which shall be acquired by the commission shall be as follows: * * * *

(B) If the commission is unable to agree with any owner within a time considered by the commission to be reasonable, it shall declare, by resolution, that fact and the necessity of appropriating the property of said owner, and direct that proceedings to effect such appropriation be begun and prosecuted * * * *

(C) Such proceedings shall be begun and prosecuted either in the probate court or the court of common pleas, as the commission elects, of the county in which the property or a part thereof is situated, by filing application to which there shall be attached and made a part thereof a copy of the resolution of the commission.

(D) Notice of the filing of such application shall be given to all owners by serving a certified copy of said application in the manner of service of summons in civil actions. When the residence of the owners is unknown, and as to all who cannot be served within the state, notice shall be given by publishing the substance of the application, and a statement of the date of the filing thereof and of the date on and after which the matter may be heard, once a week for three consecutive weeks, in some newspaper of general circulation in the county, or shall be given by registered mail as provided by law. When service is made by publication, section 2703.16 of the Revised Code shall be complied with * * * *

5537.16—Bylaws, rules, and regulations.

The commission shall have power to adopt such bylaws, rules, and regulations as it may deem advisable for the control and regulation of traffic on

Such bylaws, rules, and regulations shall be published in a newspaper of general circulation in Franklin county, and in such other manner as the commission prescribes. * * * *

CHAPTER 5543: DUTIES OF COUNTY ENGINEER

5543.10—Construction of sidewalks upon petition; expense.

The county engineer * * * shall construct sidewalks * * * along the public highway outside any municipal corporation, upon the petition of a majority of the abutting property owners, and the expense of construction of such sidewalks shall be paid by the county or township and abutting property owners * * * *

The board of county commissioners or board of township trustees may, by unanimous vote, order the construction of sidewalks along the public highway outside a municipal corporation, without a petition therefor, and may assess all or any part of the cost against abutting property owners, provided that notice is given by publication for three successive weeks in some newspaper of general circulation within the county, stating that it is the intention of the board of county commissioners or board of township trustees to construct such sidewalks, and fixing a date for hearing on the improvement.

Notice to all abutting property owners shall be given by two publications in a newspaper of general circulation in such county, at least ten days prior to the date fixed in the notice for the making of such assessments. Such notice shall state the time and place when abutting property owners will be given an opportunity to be heard with reference to assessments, and the board of county commissioners or board of township trustees shall determine whether such assessments shall be paid in one or more installments.

5543.13—Agreement as to compensation and damages.

When lands are entered upon under section 5543.12 of the Revised Code, the county engineer shall agree with the owners of such lands * * * as to the amount of compensation and damages already sustained or to be sustained by such owner * * * *

If the engineer is unable to agree with such owner, such amount shall be determined by the board of county commissioners or board of township trustees. The amount shall be fixed after a hearing, of which the owner shall have notice, in the manner provided in section 5555.09 of the Revised Code. The owners of such lands may appeal to the probate court on the question of compensation and damages, as provided in sections 5563.01 to 5563.19, inclusive, of the Revised Code.

CHAPTER 5549: PURCHASE OF MACHINERY AND EQUIPMENT

5549.21—Purchase of machinery, materials, and supplies.

The board of township trustees may purchase or lease such machinery and tools as are necessary for use in constructing, reconstructing, maintaining, and repairing roads and culverts within the township, and shall provide suitable places for housing and storing machinery and tools owned by the township * * * All purchases of materials, machinery, and tools shall, where the amount involved exceeds one thousand dollars, be made from the lowest responsible bidder after advertisement, as provided in section 5575.01 of the Revised Code. Where, in compliance with section 505.10 of the Revised Code, the board desires to sell machinery, equipment, or tools, owned by the township to the person from whom it is to purchase other machinery, equipment, or tools, the board

may offer, where the amount of the purchase alone involved does not exceed one thousand dollars, to sell such machinery, equipment, or tools and have the amount credited by the vendor against the purchase of the other machinery, equipment, or tools. Where the purchase price of the other machinery, equipment, or tools alone exceeds one thousand dollars, the board may give notice to the competitive bidders of its willingness to accept offers for the purchase of the old machinery, equipment, or tools, and such offers shall be subtracted from the selling price of the other equipment, as bid, in determining the lowest responsible bidder. Notice of the willingness of the board to accept offers for the purchase of the old machinery, equipment, or tools shall be made as a part of the advertisement for bids.

CHAPTER 5553: COUNTY ROADS—ESTABLISHMENT; ALTERATION; VACATION

5553.05—Board shall fix date to view improvement and date for final hearing; notice.

[Proceedings to establish, abolish, or change a county road. The action is initiated by "freeholders" from the vicinity of the proposed improvement. Then the board of county commissioners views the location of the proposed improvement and a hearing is held.]

* * * * The board shall give notice of the time and place for both such view and hearing by publication once a week for two consecutive weeks in a newspaper published and having general circulation in the county where such improvement is located, but if there is no such newspaper published in said county, then in a newspaper having general circulation in said county. Such notice, in addition to the date and place of such view and place and time of the final hearing, shall state briefly the character of such improvement.

5553.11—Notice to landowners and nonresidents before hearing claims; service.

If the board of county commissioners, at its final hearing on the proposed improvement, orders the improvement established, it shall fix a date for hearing claims for compensation and damages. Such board shall forthwith give notice in writing of the time and place of such hearing to the owners through or upon whose lands said improvement is to be established or located * * * *

If any person, firm, or corporation, through or upon whose lands said improvement is to be established, is a nonresident of the county, the board shall give notice of the time and place of such hearing to such nonresident owner by publication once each week for two consecutive weeks in a newspaper published and having general circulation within the county, but if there is no such newspaper published in said county, then in a newspaper having general circulation in said county. A copy of the newspaper containing such notice shall be mailed by the clerk of the board to each nonresident of the county whose post-office address is known to such clerk.

5553.14—View and hearing by joint board; resolution.

[Proceedings of the same nature as above, except that the situation involves two or more counties, the proposed improvement being on, along, or across, a county line. The boards of county commissioners sit as a joint board for the purpose of these proceedings.]

If the joint board of county commissioners is of the opinion that it is for the public convenience or welfare to make the proposed improvement, it shall declare the necessity therefor by resolution at the meeting provided for in section 5553.13 of the Revised Code * * * *

Such resolution shall fix a date when the joint board will view the proposed

improvement and the date of the final hearing thereon. The joint board shall give notice of the time and place for both such view and hearing by publication in each county interested in like manner as though such project were a single county improvement * * * *

5553.18—Determining true line of road; petition.

5553.19—Notice of hearing upon report of county engineer; objections.

The county engineer shall view and survey the road, and shall make a return of the survey and plat of the road to the board of county commissioners. Upon the filing of the report of the engineer, the board shall give notice of the filing of such report by publication once each week for three consecutive weeks in a newspaper published and having general circulation in the county in which such road is situated, but if there is no such newspaper published in said county, then in a newspaper having general circulation in said county. Such notice shall state the date and time of the hearing upon the report of the engineer * * * *

5553.23—Petition by owner to change road running through his land; notice.

If a person through whose land a public road has been established desires to turn or change a road through any part of his land, he may file a petition with the board of county commissioners setting forth briefly the particular change he desires. Upon the receipt of such petition, the board shall give notice by publication once not later than two weeks prior to the date for the hearing on such petition in some newspaper published and of general circulation in said county, but if there is no such newspaper published in said county, then in a newspaper having general circulation in said county, stating that such petition has been filed and setting forth the change desired in such road and the date and place for the hearing on said petition * * * *

5553.41—Petition to obtain road through lands of another.

[Any person desiring to secure for the use of the public a road leading from any land owned by him, through the land of another, may file a petition with the board of county commissioners for the purpose.]

5553.42—Notice of filing petition to obtain road through lands of another; service.

The board of county commissioners shall give notice to the owners of lands through which the proposed road will pass of the filing of the petition provided for in section 5553.41 of the Revised Code and the date and place of the hearing thereon * * * * If any of such owners are nonresidents of the county, the board shall give notice to such nonresidents by publication once each week for two consecutive weeks in a newspaper published and having general circulation within the county, but if there is no such newspaper published in said county, then in a newspaper having general circulation in said county. A copy of the newspaper containing such notice shall be mailed by the county auditor to each nonresident whose post-office address is known to such auditor. Such notice shall state the time and place of the hearing on claims for compensation and damages.

5553.43—Application for compensation and damages in proceeding to obtain road through lands of another; award; appeal.

In a proceeding to obtain a road through lands of another, application for compensation and damages shall be made in writing at any time before the date for the hearing of claims therefor * * * *

Any petitioner may appeal from the order of the board refusing to

establish such road, and any interested person may appeal from an order establishing such road. If any owner of premises through which the road passes is not satisfied with the amount awarded him by the board as compensation and damages, or either, he may appeal from such award. All appeals shall be to the probate court and shall be taken in the manner provided in sections 5563.01 to 5563.19, inclusive, of the Revised Code. Proceedings under this section and sections 5553.41 and 5553.42 of the Revised Code shall be subject to section 5563.01 of the Revised Code.

[Section 5563.17—see below—provides: “The board shall give notice as provided in section 5553.42 of the Revised Code of the time and hearing on the questions of compensation and damages * * * *”]

CHAPTER 5555: COUNTY ROAD IMPROVEMENT

5555.07—Copies of surveys, plans, and estimates transmitted to board.

The county engineer shall prepare and file with the board of county commissioners, by the time fixed therefor by the board, copies of the surveys, plans, profiles, cross sections, estimates of cost, and specifications for the improvement and estimated assessments upon lands benefited thereby. Thereupon such board shall file such copies in its office for the inspection and examination of all persons interested. The board shall publish in a newspaper published and of general circulation in the county, or if no newspaper is published in the county then in a newspaper having general circulation in the county, for the period of two weeks, notice that a resolution has been adopted providing for said improvement, and that copies of the surveys, plans, profiles, cross sections, estimates, and specifications, together with estimated assessments upon the lands benefited by such improvement for the proportion of the cost thereof to be assessed therefor, are on file in the office of the board for the inspection of persons interested therein. Such notice shall state the time and place for hearing objections to said improvement and to such estimated assessments, and for hearing claims for damage sustained on account thereof, and that unless such claims are filed in writing with the board on or before the time fixed for hearing them, such claims shall be waived, except as to minors, and other persons under disability * * * *

5555.09—Appropriation of property; notice.

If the surveys, plans, profiles, and cross section prepared by the county engineer pursuant to section 5555.07 of the Revised Code show that lands will be required for the improvement, the board of county commissioners shall cause notice to be served upon the owners of such lands, residents of the county, whose residences are known, which notice shall state whose land or property is to be appropriated and the dimensions of such land or property * * * *

If such owners are nonresidents of the county or if their residences are unknown, publication of notice that said improvement will require the appropriation of lands of such nonresidents for the improvement, together with a general description of such improvement, shall be made for the period of two weeks in some newspaper published and of general circulation in the county, or if there is no such newspaper then in some newspaper of general circulation in the county. Such publication shall state the time and place for the presentation of claims for compensation for land taken or for damages accruing to lands or property because of such improvement. If any owners are nonresidents of the county, a copy of the newspaper containing such notice shall be mailed by the clerk of the board to each such owner whose residence is known to him. Return of the time and manner of service shall be filed with the board on or before the date fixed for hearing claims for compensation.

5555.27—Hearing objections and claims by joint board; notice.

As soon as the county engineer has transmitted to the several boards of county commissioners copies of his surveys, plans, profiles, cross sections, estimates; and specifications for the improvement, the joint board of county commissioners shall, except in cases of reconstruction or repair of roads where no lands or property are taken, fix a time and place for hearing objections to said improvement and claims for compensation for lands and property to be taken or damages sustained on account of such improvement. The joint board shall thereupon, except in cases of reconstruction or repair of roads where no lands or property are taken, publish in a newspaper published and of general circulation within each interested county, or if there is no such newspaper published in such county then in a newspaper having general circulation in such county, once a week for two consecutive weeks, a notice that such improvement is to be made and that copies of the surveys, plans, profiles, cross sections, estimates, and specifications therefor are on file in the office of the board of each interested county for the inspection and examination of all persons interested therein. Such notice shall also state the time and place for hearing objections to said improvement and for hearing claims for compensation for lands and property to be taken for said improvement or damages sustained on account thereof, and that unless such claims are filed in writing with the joint board at the place fixed for such hearing on or before the time fixed for such hearing, such claims are waived except as to minors and other persons under disability. If land or property is to be taken for such improvement, such notice shall state whose land or property is to be appropriated and shall be served in the manner provided by section 5555.09 of the Revised Code.

5555.42—Application to court if equitable assessment cannot be made.

A board of county commissioners desiring to construct a county road improvement and finding that no equitable method of apportioning the compensation, damages, and expenses thereof is provided by section 5555.41 of the Revised Code, or finding that an equitable assessment cannot be made by the use of any of the several assessment areas authorized by said section, may order the county engineer to make a tentative plan for such improvement and an approximate estimate of the cost. Such board may thereupon file an application in the court of common pleas describing the improvement in question, and a copy of the tentative plan and approximate estimate of cost shall be attached to such application * * * *

Notice of the filing and pendency of such application shall be given once a week for four consecutive weeks by publication in two newspapers published and of general circulation in the county, or if there are no such newspapers then in two newspapers of general circulation in such county. Such notice shall describe the route and termini of the improvement and set forth the estimated cost and the proposed method of apportionment and assessment area * * * *

5555.61—Contracts for improvement; notice and letting.

After the board of county commissioners decides to proceed with the improvement, it shall advertise for bids once, not later than two weeks prior to the date fixed for the letting of contracts, in a newspaper published and of general circulation in the county, but if there is no such newspaper published in the county then in a newspaper having general circulation in said county. The board may also cause advertisements for bids to be inserted in some trade paper or other publication to be designated by it. Such notice shall state that copies of the surveys, plans, profiles, cross sections, estimates, and specifications for such improvement are on file in the office of the board, and the time within which bids will be received. The board may let the work

as a whole or in convenient sections, as it determines, and shall award the contract to the lowest competent and responsible bidder. Such contract shall be let upon the basis of lump sum bids, unless the board orders it let upon the basis of unit price bids.

5555.63—Award of contract.

No contract for any improvement shall be awarded at a greater sum than the estimated cost of such improvement. The bids received shall be opened at the time stated in the notice. If no bids are made within the estimate, the board of county commissioners shall either readvertise at the original estimate, or amend the estimate and proceed to advertise at the amended estimate. The board may reject all bids.

5555.68—Completion of improvement on failure of contractor.

If, in the opinion of the board of county commissioners, the contractor has not commenced his work within a reasonable time, does not carry such work forward with reasonable progress, is improperly performing his work, or has abandoned or failed to complete a contract entered into, the board shall make a finding to that effect, enter such finding on its journal, and so notify the contractor in writing, and the right of the contractor to control and supervise the work shall immediately cease * * * *

If, after receiving notice of the action of the board in terminating the control of the contractor over the work covered by his contract, the sureties on such contractor's bond do not within ten days give the board the written notice provided in this section, the board shall complete the work. The board shall first advertise the work for letting as provided by sections 5555.61 and 5555.62 of the Revised Code, and the estimated cost at which the work shall be advertised shall be the difference between the original contract price and the amount paid to the original contractor * * * When the estimated cost of completing a defaulted contract does not exceed five thousand dollars, the board may complete it by force account, or by contract let without advertising.

5555.71—Construction by force account; estimate; procedure.

Before undertaking the construction, reconstruction * * * or improvement of a road, the board of county commissioners shall cause to be made by the county engineer an estimate of the cost of such work * * * * When the total estimated cost of the work exceeds three thousand dollars per mile, the board shall invite and receive competitive bids for furnishing all the labor, materials, and equipment and doing the work, as provided in section 5555.61 of the Revised Code * * * * This section applies to new construction and repair work.

CHAPTER 5557: MUNICIPAL ROAD IMPROVEMENT

5557.03—Copy of surveys, plans, and estimates filed with legislative authority; examination; resolution.

If any part of the cost of the proposed road improvement is assumed by the municipal corporation, the board of county commissioners, after the approval by it of the surveys, plans, profiles, cross sections, estimates, and specifications, shall cause a copy of the surveys, profiles, and the proposed proportion of cost to be paid by the municipal corporation, to be filed with the legislative authority. The legislative authority shall examine the surveys, profiles, and the proposed proportion of cost to be paid by such municipal corporation. If after such examination the legislative authority is satisfied that the public convenience and welfare require that the improvement be made, it shall, by resolution, so determine * * * *

CHAPTER 5559: PLATTED TERRITORY ROAD IMPROVEMENT

5559.06—Copies of plans; notice of hearing; compensation for damage.

Upon the completion of the surveys, plans, profiles, cross sections, estimates, and specifications for an improvement under section 5559.02 of the Revised Code by the county engineer, he shall transmit to the board of county commissioners copies of such surveys, plans, profiles, cross sections, estimates, and specifications. The board shall then publish, in a newspaper published and of general circulation within the county, and if there is no such newspaper published in the county then in one having general circulation in such county, once a week for two consecutive weeks, a notice that such improvement is to be made and that copies of the surveys, plans, profiles, cross sections, estimates, and specifications for it are on file in the office of the board for the inspection and examination of all persons interested. Such notice shall also state the time and place for hearing objections to the improvement, for hearing claims for compensation for lands and property to be taken for such improvement or damages sustained on account thereof, and that unless such claims are filed in writing with the board, on or before the time fixed for hearing, the claims will be waived, except as to minors and other persons under disability.

In the event that land or property is to be taken for such improvement, the notice shall state whose land or property is to be appropriated, and the board shall also cause such notice to be served, at least ten days before the hearing, on the owner of such property * * * *

5559.10—Estimated assessment; notice; hearing.

As soon as all questions of compensation and damages have been determined in a road improvement case, the county engineer shall make, upon actual view, an estimated assessment upon the real estate to be charged therewith, of the compensation, damages, and costs of an improvement as provided by section 5559.02 of the Revised Code. Such estimated assessment shall be according to the benefit which will result to the real estate. In making such assessment the engineer may take into consideration any previous special assessments made upon the real estate for road improvements. The schedule of such assessments shall be filed in the office of the board of county commissioners for the inspection of the persons interested. Before adopting the assessment the board shall publish, once each week for two consecutive weeks, in some newspaper published and of general circulation in the county, but if there is no such newspaper then in one having general circulation in the county, notice that such assessment has been made, is on file in the office of the board, and the date when objections will be heard to such assessment * * * *

5559.11—Assessments to be entered on special duplicate; bonds.

* * * * If any lands to be assessed are subject to a life estate, the assessments made thereon shall, upon application of the life tenant to the board, be apportioned between the owner of the life estate and the owner of the fee, in proportion to the value of their respective estate. Upon the filing of the application the board shall fix a date for hearing and cause notice of such hearing to be served on the owner of the fee in the manner provided by section 5559.06 of the Revised Code * * * *

5559.12—Publication of notice for bids.

After the board of county commissioners has decided to proceed with an improvement as provided in section 5559.02 of the Revised Code, it shall advertise for bids once, not later than two weeks prior to the date fixed for the letting of the contract, in a newspaper published and of general circulation

in the county, but if there is no such newspaper then in one having general circulation in such county. Such notice shall state that copies of the surveys, plans, profiles, cross sections, estimates, and specifications for such improvement are on file in the office of the board, and the time within which bids will be received * * * *

CHAPTER 5561: COUNTY ROAD GRADE CROSSINGS

5561.04—Board shall hold public hearing; notice of hearing.

The board of county commissioners, desiring to proceed under sections 4957.06 and 5561.01 to 5561.15, inclusive, of the Revised Code, shall, after receipt of the certificate of necessity and expediency from the director of highways, as provided in section 5561.03 of the Revised Code, hold a public hearing as to the expediency of constructing such improvement, notice of which shall be given by publication in two newspapers published and of general circulation in the county, if such there be, otherwise in two newspapers of general circulation in such county, for two weeks prior to the date set for such hearing, and served upon the railroad or interurban railway companies in the manner for the service of summons in civil actions, not less than twenty days prior to the date of such hearing.

The board, after such hearing and for the purpose of making or causing such an improvement to be made, may, by resolution, adopted by unanimous vote, require the railroad company, in co-operation with the county engineer or any engineer designated by the board, to prepare and submit to the board within six months, unless longer time is mutually agreed upon in writing, plans and specifications for such improvements, specifying the number, character, and location of all piers and supports which are to be permanently placed in any road or highway, specifying the grades to be established for the roads and the height, character, and estimated cost of any viaduct or way above or below any railroad track, and the change of grade required to be made of such tracks including side tracks and switches. But in changing the grade of any railroad, no grade shall be required in excess of that adopted by the railroad company for its construction work on that division or part of the railroad on which the improvement is to be made, without the consent of the railroad company, nor shall the railroad company's tracks be required to be placed below higher-water mark.

Such resolution shall be published in the same manner as resolutions of the legislative authority of a municipal corporation declaring the necessity of a contemplated public improvement, and shall be served by the sheriff upon the railroad or interurban railway companies in the manner provided for the service of summons in civil actions * * * *

5561.08—Service of summons and publication.

Notice of the passage of a resolution for a grade crossing improvement shall be served by the sheriff of the county, upon the owner of each piece of property which will be affected by any change of grade, in the manner provided for the service of summons in civil actions. If any such owners are nonresidents of the county, or if it appears from the return that they cannot be found, the notice shall be published for at least two weeks in an English language newspaper published in such county. Notice shall be completed at least twenty days before any work is done on such improvement, and the sheriff's return shall be prima-facie evidence of the facts recited therein.

Immediately after each August settlement, the auditor shall make and certify a list and duplicate of all the delinquent lands in his county. If such list has not been previously published, the first of such lists shall contain all lands which have been or may be certified as delinquent and with respect to which an action to foreclose the tax lien thereon has not been filed. Lands which have been included in a previously published list shall not be included in the list provided for in this section. Lands on which the only unpaid taxes are amounts claimed in good faith not to be due in complaints pending under section 5715.19 of the Revised Code shall not be included in such list. In subsequent years such list shall contain only those lands which become delinquent during the year preceding such publication. In any list there may be included lands which have been omitted from a prior list. Such delinquent land list and duplicate shall contain the description of the property as it appears on the tax list, the name of the person in whose name it is listed, and the amount of taxes, assessments, and penalties due and unpaid at such August settlement. The original land list shall be kept in the office of the auditor and the duplicate shall be delivered to the county treasurer.

The auditor shall cause a list of the lands on such delinquent land list and duplicate to be published twice within sixty days after the delivery of the duplicate to the treasurer, in two newspapers of opposite politics and of general circulation in the county. Such publication shall be printed in the English language and the auditor shall insert a display notice of the forthcoming publication of the delinquent land list and duplicate once a week for two consecutive weeks in two newspapers of opposite politics and of general circulation in the county. Such display notice shall be published in the English language and shall comply with section 323.12 of the Revised Code, and contain the times and methods of payment of taxes provided by law, together with any other information which the auditor deems pertinent to the purpose of the notice, and shall be furnished by the auditor to the newspapers selected to public such delinquent land lists at least ten days before the first publication of such delinquent land list.

A newspaper independent in politics is a newspaper of opposite politics to a newspaper of a designated political affiliation.

When there is no newspaper of designated political affiliation published in such county, a publication of such notice and delinquent land lists shall be made in two newspapers published in such county of independent politics and of general circulation in the county. If there is only one newspaper published in the county and of general circulation, whether or not such newspaper is of a designated political affiliation, such display notice and delinquent land list

shall be published in it. Publication of delinquent land lists may be made by a newspaper in installments, providing the complete publication is made twice during the said sixty-day period.

There shall be attached to the list a notice that the delinquent lands will be certified for foreclosure by the county auditor unless the taxes, assessments, penalties, and interest are paid.

5721.04—Apportionment of expenses of publishing delinquent tax lists.

The proper and necessary expenses of publishing the delinquent tax lists and display notices provided for by sections 5719.04 and 5721.03 of the Revised Code shall be paid from the county treasury as county expenses are paid and the board of county commissioners shall make provision therefor in the annual budget of the county, submitted to the budget commission, and make the necessary appropriations. If the board fails to make such appropriation, or if the appropriation is insufficient to meet such expense, any person interested may apply to the court of common pleas of the county for an allowance to cover such expense, and the court shall issue an order instructing the county auditor to issue his warrant upon the county treasurer for the amount necessary, and the order by the court shall be final and shall be complied with forthwith.

The aggregate amount paid shall be apportioned by the auditor among the taxing districts in which the lands on each list are located in proportion to the amount of delinquent taxes so advertised in such subdivision * * * *

5721.05—Fees for publication of delinquent and forfeited land lists.

The publishers of newspapers, for advertising the delinquent and forfeited lists of the several counties, the omitted list provided for in section 5721.16 of the Revised Code, and the notice of sale, shall be entitled to receive for each insertion a sum not exceeding the following rates:

(A) For the notice of sale, ten dollars;

(B) For designating the several school districts, townships, municipal corporations, and the several wards in a city, fifty cents each;

(C) For each tract of land, city or town lot, or part of lot, contained in each such list, thirty cents. A greater sum than one-half of the taxes and penalties, due on any tract, lot, or part of lot, shall not be allowed for advertising such tract, lot, or part of lot.

Newspapers having a circulation of over twenty-five thousand shall charge and receive for such advertisements, notices, and proclamations, rates charged by them on annual contracts for like amount of space to other advertisers in its general display advertising columns; and the publishers shall make and file with their bill before its payment, an affidavit that the newspaper had a bona fide circulation of more than twenty-five thousand at the time the advertisement, notice, or proclamation was published, and that the price charged in the bill did not exceed the rates provided for in this section for such advertisement, notice, or proclamation.

The cost of publication of the preliminary display notices as provided for in section 5721.03 of the Revised Code to be published in newspapers of less than twenty-five thousand circulation shall be the commercial rate charged by such newspapers.

5721.06—Form of notice.

The form of the notice provided for in section 5721.03 of the Revised Code shall be in substance as follows:

DELINQUENT LAND TAX NOTICE

The lands, lots, and parts of lots returned delinquent by the county treasurer of.....county, with the taxes, assessments,

and penalties, charged thereupon agreeably to law, are contained and described in the following list: (Here insert the list with the names of the owners of such respective tracts of land or town lots as designated on the duplicate). Notice is hereby given that the whole of such several tracts, lots, or parts of lots will be certified for foreclosure by the county auditor pursuant to law or forfeited to the state unless the taxes, assessments, penalties, and interest are paid.

5721.16—Court to fix a day for the hearing of objections; publication of notice.

Upon the filing of the application by the prosecuting attorney the court of common pleas shall fix a day for the hearing of objections to the action of the county board of revision in making the list of omitted lands and shall order the clerk of the court of common pleas to cause notice of the time and place of hearing, together with a list of such omitted lands, to be published once a week for two consecutive weeks in two newspapers as provided in section 5721.03 of the Revised Code. Proof of such publication shall be filed with the clerk and preserved as part of his records. The list as published shall contain the names of the owners, as found on the county auditor's duplicate, of such lands at the time they were omitted, a description of the property as it appears on the tax list, and the amount of taxes, assessments, and penalties due at the time of omission. The legal notice shall be in substance as follows:

(Here insert the list)

5721.18—Foreclosure proceedings on lien of state.

The prosecuting attorney shall, upon the delivery to him by the county auditor of a delinquent land tax certificate, institute a proceeding * * * to foreclose the lien of the state * * * *

The proceedings for such foreclosure shall be instituted and prosecuted in the same manner provided by law for the foreclosure of mortgages on land, except that if service by publication is necessary, such publication shall be made once a week for three consecutive weeks instead of as provided by section 2703.17 or 2703.24 of the Revised Code, and the service shall be complete at the expiration of three weeks after the date of the first publication * * * *

5721.19—Finding; appraisal and sale.

5723.07—Readvertisement of unsold lands.

After the county auditor has closed his annual sale, if any tract or parcel of land has been offered for sale as provided in section 5723.06 of the Revised Code and the same remains unsold, the auditor, at any time prior to his next annual sale, may again advertise said tract or parcel of land in the manner provided in section 5723.05 of the Revised Code and again offer it for sale.

CHAPTER 6101: CONSERVANCY DISTRICTS

6101.01—Definitions.

As used in sections 6101.01 to 6101.84, inclusive, of the Revised Code:

(A) "Publication" means once a week for three consecutive weeks in each of two newspapers of different political affiliations if there are such newspapers, and of general circulation in the counties wherein such publication is to be made. Such publication need not be made on the same day of the week in each of the three weeks; but not less than fourteen days, excluding the day of the first publication, shall intervene between the first publication and the last publication. Publication shall be complete on the date of the last publication * * * *

6101.08—Hearing on petition; effect of order establishing conservancy district.

At the preliminary meeting of the court it shall fix the time and place of the hearing on the petition for the establishment of the proposed conservancy district, which hearing shall be held not later than sixty days thereafter, and the clerk of such court shall give notice of such hearing by publication * * * *

6101.13—Official plan for district improvements; hearing; approval.

Upon its qualification, the board of directors of a conservancy district shall prepare a plan for the improvements for which the district was created * * * *

Upon the completion of the plan and the approval by the department, the board shall cause notice of the completion of such plan to be given by publication in accordance with section 6101.01 of the Revised Code, and shall permit the inspection of such plan by all persons, public corporations, and agencies of the state government interested. Said notice shall fix the time and place for the hearing of all objections to said plan which shall be not less than twenty nor more than thirty days after the last publication of said notice * * * *

6101.16—Board of directors may award contract.

When it is determined to let the work relating to the improvements for which a conservancy district was established by contract, contracts in amounts to exceed one thousand dollars shall be advertised after notice calling for bids has been published once a week for five consecutive weeks completed on date of last publication, in at least one newspaper of general circulation within the conservancy district where the work is to be done * * * In case of sudden emergency when it is necessary in order to protect the district, the advertising of contracts may be waived upon the consent of the board, with the approval of the court or a judge of the court of common pleas of the county in which the office of the district is located.

6101.19—Board of directors may make and enforce rules and regulations; noncompliance.

(A) The board of directors of a conservancy district may make and enforce such rules and regulations as it deems necessary and advisable: * * * *

(5) To prohibit or regulate the discharge into the sewers of the district of any liquid or solid wastes deemed detrimental to the works and improvements of the district.

Such rules and regulations shall not be inconsistent with the laws of the state or the rules and regulations or requirements of the department of health, and shall be published in the manner provided by section 6101.01 of the Revised Code before taking effect * * * *

6101.24—Water rights and uses; power to make regulations and determine rates; determination of basis for assessment of benefits.

* * * * The board [of directors of a conservancy district] may determine the rates of compensation for the greater, better, or more convenient use of, or benefit from, the waters of the district and for the sale of water made available by the works and improvements built or acquired by the district for the purpose of water supply, which rates shall be reasonable, and it may require bond to be given to secure the payment for such use. Upon the determination of any rate, the board shall make a report of its determination to the court. The court shall thereupon cause notice by summons or publication to be given to the parties interested, stating that such a determination of rate has been made, that a hearing before the court will be had thereon on a certain day, and that objection may be made at such time to such determination of rates * * * *

6101.30—Notice of hearing on land excluded from or taken into district.

If the report of the board of appraisers of a conservancy district includes recommendations that other lands and public corporations be included in the district, or that certain lands and public corporations be excluded from the district, the clerk of the court before which the proceeding is pending shall give notice to the owners of such property and public corporations by publication to be made as provided in section 6101.01 to 6101.84, inclusive, of the Revised Code, for a hearing on the petition for the creation of the district. Such notice to these owners whose lands are or the public corporations to be added to the district may be substantially as shown in the schedule in section 6101.84 of the Revised Code. The time and place of the hearing may be the

same as those of hearing on appraisals. To the owners of property and public corporations to be excluded from the district it will be sufficient to notify them of that fact.

6101.32—Notice of hearing on appraisals.

Upon the filing of the report of the board of appraisers of a conservancy district under section 6101.31 of the Revised Code, the clerk of the court shall give notice thereof, as provided in section 6101.01 to 6101.84, inclusive, of the Revised Code, in each county in the district. Said notice shall be substantially as set forth in division (F) of section 6101.84 of the Revised Code. It is not necessary for said clerk to name the parties interested.

It is not necessary to describe separate lots or tracts of land in giving said notice, but it is sufficient to give such descriptions as will enable the owner to determine whether or not his land is covered by such description. For instance, it is sufficient to state "All land lying in the ward of the city of, " or "All land abutting on street in the city of, " or "All land lying west of river and east of railroad in township," or any other general description pointing out the lands involved.

Where lands in different counties are mentioned in said report, it is not necessary to publish a description of all the lands in the district in each county, but only of that part of said lands located in the county in which publication is made.

6101.33—Hearing on appraisals; filing exceptions.

* * * * If the appraisal record as a whole is referred back to the board, the court shall not resume the hearing thereof without new notice, as for an original hearing thereon. The court may, without losing jurisdiction over the appraisal record, order the board to recast the appraisal record when the order of the court specifies the precise character of the changes thereof.

6101.39—Change of official plan.

The board of directors of a conservancy district may at any time * * * alter or add to the official plan. When such alterations or additions are formally approved by the board and by the court, and are filed with the secretary of the conservancy district, they shall become part of the official plan for all purposes of sections 6101.01 to 6101.84, inclusive, of the Revised Code * * * In case the proposed alterations or additions materially modify the general character of the work or materially modify the resulting damages or materially reduce the benefits, for which the board is not able to make amicable settlement, or materially increase the benefits in such a manner as to require a new appraisal, or increase the cost more than ten per cent, the court shall direct the board of appraisers of the conservancy district, which may be the original board, or a new board appointed by the court on petition of the board of directors or otherwise, to appraise the property to be taken, benefited, or damaged by the proposed alterations or additions.

Upon the completion of the report by the board of appraisers, notice shall be given and a hearing had on its report in the same manner as in the case of the original report of the board of appraisers, and the same right of appeal to a jury exists. Where few landowners are affected, the clerk of the court may, on order of the court, if found to be more economical and convenient, give personal notice of the pendency of the report of said board of appraisers, instead of notice by publication * * * This section applies to all changes in appraisals under sections 6101.01 to 6101.84, inclusive, of the Revised Code.

6101.42—Subsequent appraisals.

* * * * Proceedings outlined in sections 6101.01 to 6101.84, inclusive, of the Revised Code, for appraising lands not at first included within the boundaries

of the district shall in all matters be conformed with including notice to the parties, or the board of directors may make any suitable settlement with such person or public corporation for such use, benefit, damage, or property taken.

6101.43—Proceedings not invalid except when defect results in denial of justice.

No fault in any notice or other proceedings shall affect the validity of any proceeding under section 6101.01 to 6101.84, inclusive, of the Revised Code, except to the extent to which it can be shown that such fault resulted in a material denial of justice to the property owner complaining of such fault
* * * *

6101.49—Payment of assessments.

When the conservancy assessment record is placed on file in the office of the conservancy district, notice by publication shall be given to property owners and public corporations assessed that they may pay their assessments
* * * *

6101.50—Board of directors may issue anticipatory bonds.

* * * * All bonds shall be sold to the highest bidder, after being advertised once a week for three consecutive weeks and on the same day of the week, the first advertisement being published at least twenty-one full days before the date of sale, in a newspaper having general circulation in the county wherein the office of the district is located. The advertisement shall state the amount of bonds to be sold, how long they are to run, the rate of interest to be paid thereon, the dates of payment of interest, the purpose of the issue, and the day, hour, and place where bids will be received. An advertisement may also be published in recognized financial journals * * * *

The board shall accept the highest bid, or if bids are received based upon a different rate of interest than specified in the advertisement, the board shall accept the highest bid resulting in the lowest net interest cost to the district, presented by a responsible bidder * * * When bonds have been once advertised and offered at public sale, as provided by law, and they or any part thereof remain unsold for want of bidders, those unsold may be sold at private sale at not less than their par value and accrued interest thereon bearing not to exceed the rate of interest provided in the bonding resolution of the board * * * *

6101.54—Petition for readjustment of appraisal of benefits; hearing.

Whenever the owners or representatives of twenty-five per cent or more of the acreage or value of the lands in a conservancy district file a petition with the clerk of the court having jurisdiction in the original case, stating that there has been a material change in the values of the property in the district since the last previous appraisal of benefits, and praying for a readjustment of the appraisal of benefits for the purpose of making a more equitable basis for the levy of the maintenance assessment under section 6101.53 of the Revised Code, the clerk shall give notice of the filing and hearing of said petition by publication in the manner provided in division (A) of section 6101.01 of the Revised Code * * * *

6101.70—Procedure for union of district.

If two or more conservancy districts have been organized in a territory which, in the opinion of the board of directors of the conservancy district of either of the districts, should constitute only one district, the board of any one of the districts may petition the court for an order uniting said districts into a single district * * * Upon receipt of said petition, the clerk of the court of common pleas shall give notice by publication or by personal service to the boards of the districts which it is desired to unite with the district of the petitioners. Such notice shall contain the time and place where the hearing of the petition will be had and the purpose of the same * * * *

6101.72—Annexation of other improvements into a conservancy district.

Any territory in which a proceeding has been instituted or is pending for the construction of a single or joint or interstate county ditch, or township ditch, or underground drain, or levee, or county sewer, or for the cleaning of drains and watercourses, or for the removal of drift, or for the drainage of marshes, or for any sewer district outside of a municipal corporation, organized under any other law of this state, may become a conservancy district or sub-district under sections 6101.01 to 6101.84, inclusive, of the Revised Code, or may be absorbed in or amalgamated with any conservancy district in the following manner:

When the officials in charge of any such improvement or the board of directors of any conservancy district which desires to annex or absorb such territory petitions the court in which such conservancy district was organized, or the court having jurisdiction over all or part of the territory affected by the proceeding which is desired to bring under such sections, for an order making the territory affected by any of the improvements above noted a conservancy district or subdistrict under such sections, or for amalgamating such territory with an existing conservancy district, the clerk of the court shall give notice of the pendency of said petition and of a hearing thereon in the same manner as provided for notice and hearing on a petition for the organization of a conservancy district * * * *

6101.78—Correction of faulty notice.

In any case where a notice is provided for in sections 6101.01 to 6101.84, inclusive, of the Revised Code, if the court finds for any reason that due notice was not given, the court shall not thereby lose jurisdiction, and the proceeding in question shall not thereby be void; but the court shall in that case order due notice to be given, and shall continue the hearing until such time as such notice is properly given, and thereupon shall proceed as though notice had been properly given in the first instance.

In case any individual appraisal, assessment, or levy is held void for want of legal notice, or in case the board of directors of the conservancy district determines that any notice with reference to any land is faulty, then the board may file a motion in the original cause asking that the court order notice to be given to the owner of such land and set a time for hearing as provided in such sections. If the original notice as a whole was sufficient and was faulty only with reference to publication as to certain tracts, only the owners of and persons interested in those particular tracts need be notified by such subsequent notice. If the publication of any notice in any county was defective or not made in time, re-publication of the defective notice is necessary only in the county in which the defect occurred.

6101.84—Suggested forms.

The following forms illustrate the character of the procedure contemplated by section 6101.01 to 6101.84, inclusive, of the Revised Code, and if substantially complied with, those things being changed which should be changed to meet the requirements of the particular case, such procedure shall be held to meet the requirements of such sections.

CHAPTER 6103: COUNTY WATER SUPPLY SYSTEMS

6103.05—Plan of water supply.

After the establishment of any sewer district the board of county commissioners may have prepared by the county sanitary engineer a general plan of water supply and water works for such district as complete as can be made at that time * * * *

After approval of the detailed plans, specifications, estimates of cost, and tentative assessment, the board shall adopt a resolution declaring that such improvement * * * is necessary for the preservation and promotion of public health and welfare and to provide fire protection, designating the character of the materials to be used, referring to the plans, specifications, estimates of cost, and tentative assessment, stating the place where they are on file and may be examined, the estimated cost of the maintenance of such improvement for one year, what part of the cost will be paid by the county at large, and what part will be specially assessed against the benefited property within the district. Such resolution shall also contain a description of the boundaries of that part of the district to be assessed, and shall designate a time and place, to be fixed by the board, when and where objections to the improvement, to the tentative assessment, or to the boundaries of the assessment district will be heard by the board. The date of such hearing shall be not less than twenty-four days after the date of the first publication of such resolution.

The board shall cause such resolution to be published once a week for two consecutive weeks in a newspaper of general circulation within the county, and on or before the date of the second publication it shall send by mail a notice of the time and place of such hearing to every owner of property to be

assessed for such improvement whose address is known, and such notice shall state that the property of the addressee will be assessed for such improvement * * * *

6103.06—Proceedings.

After the expiration of the period of five days provided in section 6103.05 of the Revised Code for the filing of written objections, the board of county commissioners shall determine whether it will proceed with the construction of the proposed improvement. If it decides to proceed therewith, the board shall ratify or amend the plans for the improvement * * * If the boundaries of the assessment district are amended so as to include any property not included within the boundaries as established by the resolution of necessity, provided for in section 6103.05 of the Revised Code, the owners of all such property shall be notified by mail if their addresses are known, and notice shall be published once a week for two consecutive weeks in a newspaper of general circulation within the county, that such amendments have been adopted and that a hearing will be given by the board at a time and place stated in such notice at which all persons interested will be heard by the board. The date of such hearing shall be not less than twenty-four days after the first publication of such notice, and the hearing shall be conducted and records kept in the same manner as the first hearing * * * * If the boundaries of the assessment district are amended so as to include any property not included in the assessment district as originally established or previously amended, further notice and hearing shall be given to the owners of such property in the same manner as for the first amendment of such boundaries, and the same procedure shall be repeated until all property owners affected have been given an opportunity to be heard. If the owners of all property added to an assessment district by amendment of the original boundaries thereof waive objection to such amendment in writing, no further notice or hearing shall be given * * * *

6103.10—Contract for construction; modification.

After the issuance and sale of bonds or certificates of indebtedness, as provided in sections 6103.02 to 6103.30, inclusive, of the Revised Code, the board of county commissioners shall enter into a written contract with the lowest and best bidder for the construction of the improvement, after advertising for sealed proposals for such construction not less than two nor more than four consecutive weeks in a newspaper published and of general circulation within the county * * * *

6103.15—Revised estimate.

The county sanitary engineer, upon the completion of any improvement under sections 6103.02 to 6103.30, inclusive, of the Revised Code, shall prepare and present to the board of county commissioners, a revised assessment based on the tentative assessment previously ratified by the board for such improvement or if such tentative assessment has been revised by order of court, on such revised tentative assessment, the assessment levied on each piece of property being modified in substantially the same proportion as the actual cost of the work, including incidental costs, bears to the estimated cost on which such tentative assessment was based. No notice of such revised assessment shall be given unless such actual cost exceed the estimated cost. If the actual cost exceeds the estimated cost, notice shall be given all property owners within the assessment district and shall be published as provided by section 6103.06 of the Revised Code for amendments of the tentative assessment and any property owners may appeal as provided for in case of tentative assessments * * * *

6103.20—Contract to supply water outside district.

At any time after the formation of any sewer district, the board of county commissioners, when deemed expedient, on application by a corporation, individual, or public institution outside of any district, may contract with such corporation, individual, or public institution for supplying water to their premises on such terms as are equitable, but the amount to be paid shall not be less than the original assessment for similar property within the district. Such board in any such case shall appropriate any moneys received for such service to and for the use and benefit of such district. When the board deems it necessary to contract with a corporation, individual, or public institution outside of any district for supplying water to their premises from water supply lines constructed or to be constructed to serve such district, it shall so determine by resolution and may collect said amount in cash, or the same may be assessed against said lots or parcels of land, and the manner of making such assessment, together with the notice thereof, shall be the same as provided in sections 6103.02 to 6103.30, inclusive, of the Revised Code, for the original assessment * * * *

CHAPTER 6115: SANITARY DISTRICTS

6115.07—Notice of hearing on petition; jurisdiction of court.

Immediately after the filing of the petition provided for in section 6115.05 of the Revised Code, the clerk of the court with whom such petition is filed shall give notice by publication, in accordance with the suggested form in division (A) of section 6115.79 of the Revised Code, of the pendency of the petition and of the time and place of the hearing thereon. Such clerk shall cause notices to be served personally upon the clerk of each political subdivision within the proposed district * * * *

6115.16—Official plan for district improvements; hearing; approval.

Upon its qualification, the board of directors of a sanitary district shall prepare a plan for the improvement for which the district was created * * * *

Upon the approval of such plan by the department, the board shall cause notice by publication to be given in each county of said district of the completion of said plan, and shall permit the inspection of such plan at its office by all persons interested. Said notice shall fix the time and place for the hearing of all objections to said plan which shall be not less than twenty nor more than thirty days after the last publication of said notice * * * *

6115.20—Board of directors may award contract.

When it is determined to let the work relating to the improvements for which a sanitary district was established by contract, contracts in amounts to exceed ten thousand dollars shall be advertised after notice calling for bids has been published once a week for five consecutive weeks completed on date of last publication, in at least one newspaper of general circulation within the sanitary district where the work is to be done * * * *

6115.32—Notice of hearing on land excluded from or taken into district.

If the report of the board of appraisers of a sanitary district includes recommendations that other lands be included in the district, or that certain lands be excluded from the district, the clerk of the court before which the proceeding is pending shall give notice to the owners of such property by publication to be made as provided for a hearing on the petition for the creation of the district. Such notice to those owners whose lands are to be added to the district may be substantially as shown in division (E) of section

6115.79 of the Revised Code. The time and place of the hearing may be the same as those of the hearing on appraisals. To the owners of property to be excluded from the district it will be sufficient to notify them of the fact.

6115.34—Notice of hearing on appraisals.

Upon the filing of the report of the board of appraisers of a sanitary district under section 6115.33 of the Revised Code, the clerk of the court shall give notice thereof, as provided in sections 6115.01 to 6115.79, inclusive, of the Revised Code, in each county in the district. Said notice shall be substantially as set forth in division (F) of section 6115.79 of the Revised Code. It is not necessary for said clerk to name the parties interested.

It is not necessary to describe separate lots or tracts of land in giving said notice, but it is sufficient to give such descriptions as will enable the owner to determine whether or not his land is covered by such description. For instance, it is sufficient to state "All land lying in the..... ward of the city of.....," or "All land abutting on..... street in the city of.....," or "All land lying west of..... river and east of..... railroad in..... township," or any other general description pointing out the lands involved.

Where lands in different counties are mentioned in said report, it is not necessary to publish a description of all the lands in the district in each county, but only of that part of said lands located in the county in which publication is made.

6115.35—Hearing on appraisals; filing exceptions.

Any property owner may accept the appraisals in his favor of benefits and of damages and of lands to be taken made by the board of appraisers of a sanitary district, or may acquiesce in the board's failure to appraise damages in his favor, and shall be construed to have done so unless within ten days after the last publication provided for in section 6115.34 of the Revised Code he files exceptions to said report or to any appraisal of either benefits or damages or of land to be taken which may be appropriated. All exceptions shall be heard by the court beginning not less than twenty nor more than thirty days after the last publication provided for in such section, and determined in advance of other business so as to carry out, liberally, the purposes and needs of the district. The court may, if it deems necessary, return the report to the board for its further consideration and amendment, and enter its order to that effect. If the appraisal roll as a whole is referred back to the board, the court shall not resume the hearing thereof without new notice, as for an original hearing thereon. The court may, without losing jurisdiction over the roll, order the board to recast the roll when the order of the court specifies the precise character of the changes thereof.

6115.51—Petition for readjustment of appraisal of benefits; hearing.

Whenever the owners or representatives of twenty-five per cent or more of the acreage or value of the lands in a sanitary district file a petition with the clerk of the court in whose office the petition was filed, stating that there has been a material change in the values of the property in the district since the last previous appraisal of benefits, and praying for a readjustment of the appraisal of benefits for the purpose of making a more equitable basis for the levy of the maintenance assessment under section 6115.53 of the Revised Code, the clerk shall give notice of the filing and hearing of said petition by publication in the manner provided in division (A) of section 6115.01 of the Revised Code * * * *

6115.74—Correction of faulty notice.

In any case where a notice is provided for in section 6115.01 to 6115.79, inclusive, of the Revised Code, if the court finds for any reason that due notice

was not given, the court shall not thereby lose jurisdiction, and the proceeding in question shall not thereby be void; but the court shall in that case order due notice to be given, and shall continue the hearing until such time as such notice is properly given, and thereupon shall proceed as though notice had been properly given in the first instance.

In case any individual appraisal, assessment, or levy is held void for want of legal notice, or in case the board of directors of the sanitary district determines that any notice with reference to any land is faulty, then the board may file a motion in the original cause asking that the court order notice to be given to the owner of such land and set a time for hearing as provided in such sections. If the original notice as a whole was sufficient and was faulty only with reference to publication as to certain tracts, only the owners of and persons interested in those particular tracts need be notified by such subsequent notice. If the publication of any notice in any county was defective or not made in time, publication of the defective notice is necessary only in the county in which the defect occurred.

6115.79.—Suggested forms.

The following forms illustrate the character of the procedure contemplated by sections 6115.01 to 6115.79, inclusive, of the Revised Code, and if substantially complied with, those things being changes which should be changed to meet the requirements of the particular case, such procedure shall be held to meet the requirements of such sections.

CHAPTER 6117: SEWER DISTRICTS; COUNTY SEWERS

6117.06—Plan of sewerage.

After the establishment of any sewer district the board of county commissioners shall have prepared by the county sanitary engineer a general plan of sewerage and sewage disposal for such district, as complete as can be made at that time * * * * After approval of the detailed plans, specifications, estimates of cost, and tentative assessment, the board shall adopt a resolution declaring that such improvement, describing the same and the location, route, and termini thereof, is necessary for the preservation and promotion of public health and welfare, designating the character of the materials to be used, referring to the plans, specifications, estimates of cost, and tentative assessments, stating the place where they are on file and may be examined, the estimated cost of the maintenance of such improvement for one year, and what part of the cost will be paid by the county at large and what part will be specially assessed against the benefited property within the district. Such resolution shall also contain a description of the boundaries of that part of the district to be assessed, and shall designate a time and place, to be fixed by the board, when and where objections to the improvement, to the tentative assessment, or to the boundaries of the assessment district will be heard by the board. The date of such hearing shall be not less than twenty-four days after the date of the first publication of such resolution. The board shall publish such resolution once a week for two consecutive weeks in a newspaper of general circulation within the county, and on or before the date of the second publication shall send by mail a notice of the time and place of such hearing to every owner of property to be assessed for such improvement whose address is known, which notice shall state that the property of the addressee will be assessed for such improvement * * * *

6117.07—Proceeding with construction; resolution.

* * * * If the boundaries of the assessment district are amended so as to include any property not included within the boundaries as established by the resolution of necessity provided for in section 6117.06 of the Revised Code, the owners of all such property shall be notified by mail if their addresses are known, and notice shall be published once a week for two consecutive weeks in a newspaper of general circulation within the county that such amendments have been adopted and that a hearing will be given by the board at a time and place stated in such notice, at which all persons interested will be heard by the board. The date of such hearing shall be not less than twenty-four days after the first publication of such notice, and the hearing shall be conducted and records kept in the same manner as the first hearing * * * *

6117.15—Fixing day of trial; publication of notice.

If the probate judge finds that an appeal under sections 6117.09 to 6117.24, inclusive, of the Revised Code, has been properly perfected, and that the proceedings are substantially regular, he shall fix a day not more than twenty days thereafter for the trial of the case, and shall publish at least twice in a newspaper of general circulation within the county a notice that such appeal has been made and stating the time and place of such trial. The first publication shall be at least fifteen days before such trial, and the second publication shall be at least eight days before such trial * * * *

6117.17—Findings of court.

* * * * If the court finds that the cost of the improvement will exceed the benefit resulting therefrom, it shall declare that the improvement is not necessary for the public health, convenience, or welfare. No property shall be added to the assessment district until the owners thereof have been given an opportunity to be heard by the court * * * * If such owners are not residents of the county, or if in any case it appears by the return of the notice that such owner cannot be found, the notice shall be published at least twice in a newspaper of general circulation within the county, and the date of such hearing shall be at least one week after service of notice or of the second publication of such notice * * * *

6117.27—Contract for construction; modifications.

After the issuance and sale of bonds or certificates of indebtedness, as provided in sections 6117.01 to 6117.45, inclusive, of the Revised Code, the board of county commissioners shall enter into a written contract with the lowest and best bidder for the construction of the improvement, after advertising for sealed proposals for such construction not less than two nor more than four consecutive weeks in a newspaper published and of general circulation within the county * * * * Each bid shall contain the full name of each person or company interested in the same, and shall be accompanied by a bond or certified check on some solvent bank within the county, conditioned that if the bid is accepted a contract will be entered into and its performance properly secured, as shall be stated in the advertisements and proposals * * * *

6117.28—Landowners may petition.

Whenever the owners of all the lots and lands to be benefited by, and to be assessed for, any sewer improvement or sewage treatment works, provided for in sections 6117.01 to 6117.45, inclusive, of the Revised Code, by petition in writing, request the board of county commissioners to provide for the construction, maintenance, and operation of any such improvements, describing the improvements desired and the lots and lands owned by them respectively to be assessed to pay the cost and maintenance of such improvements, and consenting that their said lots and lands may be assessed to pay the cost of such improvements and of maintenance and operation as provided in such

sections, and waive notice and the publication of all resolutions and legal notices provided for in such sections, the board shall prepare the necessary plans, specifications, and estimates of cost of construction, maintenance, and operation thereof, and a tentative assessment. When all the owners of the lots and lands to be benefited by and assessed for the proposed improvements state in writing that they have examined the estimated cost and tentative assessment as made by the county sanitary engineer, that they have no objection thereto, and that in case bonds are sold prior to the construction of the improvements they waive their right of option to pay the assessments in cash, then the board shall proceed as provided in such sections, to cause such improvements to be constructed and provision to be made for the payment of the cost of construction, maintenance, and operation in accordance with such sections, except that none of the notices or publications required by law need be made nor any opportunity be given for filing of objections to the improvement or to the assessment or, if bonds have been sold, for paying the assessments in cash. The board shall forthwith proceed to authorize and issue bonds or certificates of indebtedness and levy and collect the assessments authorized in sections 6117.01 to 6117.40, inclusive, of the Revised Code * * * *

6117.29—Cost shall include incidental expense.

The cost of any improvement provided for in sections 6117.01 to 6117.40, inclusive, of the Revised Code, and the cost of the maintenance and operation thereof shall include, in addition to the cost of construction, the cost of engineering, necessary publications, inspection, interest on certificates of indebtedness or on bonds, and all other items of cost incident to such improvement * * * *

6117.32—Revised assessment.

The county sanitary engineer, upon the completion of any improvement under sections 6117.01 to 6117.45, inclusive, of the Revised Code, shall prepare and present to the board of county commissioners a revised assessment, based on the tentative assessment previously ratified by the board * * * * No notice of such revised assessment shall be given unless such actual cost exceeds the estimated cost. If the actual cost exceeds the estimated cost, notice shall be given all property owners within the assessment district and shall be published as provided for amendments of the tentative assessment * * * *

CHAPTER 6119: REGIONAL WATER AND SEWER DISTRICTS

6119.04—Hearing on petition; procedure.

The court of common pleas constituted as provided in section 6119.03 of the Revised Code, at its first meeting, shall fix the time and place of a hearing on the petition for the establishment of the proposed regional water and sewer district. Such hearing shall be held not later than sixty days thereafter, and the clerk of the court of common pleas of the county in which the petition was filed shall give notice thereof by publication once each week for four consecutive weeks in a newspaper of general circulation in each of the counties, in whole or in part, within the district * * * *

6119.09—When action of board is effective; objections; hearing.

No action of the board of trustees of a regional water and sewer district in exercising the powers conferred on it in sections 6119.05, 6119.08, 6119.12, 6119.13, 6119.14, 6119.15, and in divisions (E), (F), (G), (K), and (L) of section 6119.06 of the Revised Code, shall be final and operative until thirty days after such action is taken by the board or, if objections are filed, such action is confirmed by the court of common pleas described in section 6119.03

of the Revised Code, and all such objections have been disposed of. The secretary of the board shall publish a summary of such action of the board once each week for two consecutive weeks in a newspaper of general circulation in each of the counties within the district * * * *

6119.19—Bids required; exception; contract.

The board of trustees of a regional water and sewer district or any officer or employee designated by such board may make any contract for the purchase of supplies or material or for labor for any work, under the supervision of the board, the cost of which shall not exceed one thousand dollars. When an expenditure, other than for the acquisition of real estate, the discharge of non-contractual claims, personal services, the joint use of facilities or the exercise of powers with other political subdivisions, or for the product of services of public utilities, exceeds one thousand dollars, such expenditure shall be made only after a notice calling for bids has been published once a week for three consecutive weeks in at least one newspaper of general circulation within the district * * * *

6119.25—Resolution of necessity; publication.

When the board of trustees of a regional water and sewer district deems it necessary to construct all or a part of the sewers provided for in the plan devised in accordance with section 6119.19 of the Revised Code, the board shall declare by resolution the necessity thereof. Such resolution shall contain a declaration of the necessity of such improvement, a statement of the districts, areas, or parts thereof proposed to be constructed, the character of the materials to be used, a reference to the plans and specifications, where they are on file, and the mode of payment therefor, and shall publish the resolution once a week for not less than two nor more than four consecutive weeks in one newspaper of general circulation in the area.

CHAPTER 6131: SINGLE COUNTY DITCHES

6131.07—Notice of filing the petition.

When the petition authorized by section 6131.04 of the Revised Code is filed with the county auditor, such auditor shall give notice to the board of county commissioners of the filing of such petition, together with a copy thereof. The board shall, by an order upon its journal, fix a time for the view thereon, not less than twenty-one nor more than thirty days after the date on which the board receives such notice from the auditor, at the upper terminus of the improvement, at ten a.m. on the date so fixed by the board. The board shall also fix a date, within two weeks thereafter, when it will hold its first hearing at its office. As soon as the dates for the view and first hearing have been fixed by the board, the auditor shall prepare and deliver to the petitioner a written notice, directed to the owners of land affected by the proposed improvement, which notice shall set forth the pendency, substance, and prayer of the petition * * * *

The auditor shall give a like notice to each landowner who is a nonresident of the county, and to each landowner who is not served personally or at his usual place of residence, by publication in two successive weekly issues of a newspaper printed and of general circulation in the county in which the petition is filed, but on the same day of the week if it is a daily paper, and the first publication shall be at least ten days before the day set for hearing. Copies of said notice shall be mailed by the auditor of said county to each owner of land whose address is known, who is not served personally or at his usual place of residence.

Proof of notice by publication shall be verified by affidavit of the printer or other person knowing the fact and filed with the auditor on or before the

day of the first hearing, and proof of the mailing of the copies to persons who are not served personally or at their usual place of residence, whose addresses are known, shall be made by the certificate of the auditor.

At the option of the petitioner, the notices provided for in this section may be prepared and mailed by the auditor in a five day return envelope addressed to each owner of land named in the petition whose mail address is given and notice shall be given by publication to each owner whose mailed notice is returned undelivered and to those whose addresses are unknown. The actual cost of preparing and mailing such notices shall be a part of the costs in such ditch proceeding.

6131.09—Applications for change or extension.

The county engineer may file at any time in the proceedings relating to an improvement a written application for a change of the route thereof. Any owner of land may file in said proceedings a written application for branches, laterals, or spurs, or for boxing or tiling any part of the improvement, or for a change of route or termini, or for any improvement that may be joined with that petitioned for, at any time before the first hearing is completed, without obtaining any leave to do so, and all of said applications shall be heard at the first hearing. If any owner of land who has not been notified of the proceedings for the improvement will be affected by the proposed changes, as contained in the applications so filed, then the hearing shall be continued for such time as is necessary to give notice to such owners not theretofore notified, and notice of such applications shall be given to such owners as provided in section 6131.07 of the Revised Code, provided that if waivers of notice are obtained from owners who will be affected by the proposed changes, the hearing shall proceed. Any owner of land may file such applications after the first hearing is completed and before the final order of the board of county commissioners approving the assessments and ordering the letting of the contract, upon first obtaining leave from the board to file such application, by an order entered on its journal. All said applications shall be heard at such time as the board orders. Notice of such applications shall be given to owners who will be affected by such change, as provided in sections 6131.01 to 6131.64, inclusive, of the Revised Code, but waivers of notice may be filed.

6131.16—Notice of filing of schedule.

Upon the filing with the county auditor of the reports and schedules by the county engineer as provided in section 6131.14 of the Revised Code, the board of county commissioners shall fix a date not less than twenty and not more than thirty days thereafter, when a hearing on said reports shall be had. Upon the fixing of such date, the auditor shall forthwith give notice by mail, in a stamped five-day return envelope, to all the owners whose names appear in the engineer's schedules of assessments. Said notice shall be mailed to each address as given in the petition, or to such address as the auditor learns to be the correct address. If the schedule of assessments filed by the engineer contains the names of landowners other than those mentioned in the petition, notices shall also be mailed to such landowners. If the residence of any person named in the schedule of assessments cannot be ascertained, or if any mailed notice is returned undelivered, the auditor shall publish such notice to all such persons in a newspaper of general circulation in the county, by publishing the same in two successive weekly issues thereof, but on the same day of the week if a daily paper, and the first publication shall be at least ten days before the date of hearing. Such notice shall notify the owners of the assessment on each tract of land owned by said owner, as estimated and described in said schedule, and shall notify the owners of the date of the final hearing by the board on the report of the engineer, and on the proceedings for the improvement, and shall notify the owners that all claims for compensation or damages must be filed with the auditor before that date. Said notice shall further state

that if bonds are to be issued, the owner must give notice within ten days after said final hearing of his intention to pay in cash and if he does not give such notice of his intention to pay in cash within ten days the installments will be payable with the interest added at the same rate that bonds bear interest. The auditor shall file a certificate showing the service of such notices as provided in this section.

6131.24—County engineer to let contract.

Upon the fixing of a day by the board of county commissioners, at the final hearing, for the letting of contracts for the construction of the improvement, the county engineer shall give at least two weeks' public notice of the time when and the place where bids will be received for furnishing any material for the improvement, or for the construction of the improvement, or any part thereof. Such notice shall indicate concisely the nature of the improvement, the location, and the character of the material and the work required. Such notice may be given by posting at the usual place of posting notices at the courthouse, unless the estimated cost of construction and material required in said improvement exceeds one thousand dollars, in which case advertisement shall also be made in two successive weekly issues of a newspaper printed and in general circulation in said county, or on the same day of the week, if in a daily paper, and the first publication shall be at least ten days prior to the letting of said contracts * * * *

6131.58—Fees.

The fees to be charged and collected for services required of any public officer under sections 6131.01 to 6131.64, inclusive, of the Revised Code, if not specifically otherwise designated, shall be the fees allowed for like services in that office. If he is an officer receiving a salary, then such fees collected shall be in a like manner accounted for. Publication of notices as required in such sections shall be paid at the legal rate provided for similar matter originating in the court of common pleas.

CHAPTER 6137: DITCH MAINTENANCE FUND

6137.03—Hearing on petition.

Before determining the assessment rate, as provided by section 6137.04 of the Revised Code, the board of county commissioners, or in case of a joint county ditch the joint board of county commissioners, shall set a day for hearing the petition, not less than three weeks from the date of its filing with the county auditor or county auditors, and not more than ninety days from such date. The board or joint board shall advise all owners of the lands to be affected by action on the petition of its filing, its object, and the date it will be heard and considered, by public advertisement in a newspaper of general circulation in each of the counties interested, once each successive week for at least two weeks, or in place of such public notice, they may direct auditor or auditors, to serve by registered mail a notice containing said facts and date of hearing * * * *

6137.05—Use of maintenance fund by board; conditions.

The maintenance fund created under authority of section 6137.01 of the Revised Code, shall be subject to the use of the board of county commissioners, or joint board of county commissioners, as the case may be, for the necessary and proper repair or maintenance of the ditch provided for in section 6137.02 of the Revised Code as follows:

(A) Whenever the board, or the joint board * * * has reason to believe that said ditch is in need of repair or maintenance, it shall * * * make an inspection of its condition, and if it finds such need to exist, it shall make an estimate of the cost of the necessary work and material required for the pur-

pose. If the finding is that the probable cost will not exceed five hundred dollars, it shall cause the proper repair to be made by "force account" and certify such costs to the county auditor or county auditors, for payment from said maintenance fund. But if the finding is that the probable cost of work and material will exceed five hundred dollars, the board, or joint board in case of a joint county ditch, shall cause the engineer to prepare proper specifications, covering the requirements for the particular case, and to advertise for bids thereon, as in case of original construction, under section 6131.24 of the Revised Code * * * *

CHAPTER 6141: CLEANING AND REPAIR OF DITCHES

6141.12—Letting of contracts.

If the cost of the cleaning or repairing of a ditch, drain, or watercourse in accordance with section 6141.11 of the Revised Code, as estimated by the ditch supervisor exceeds two hundred dollars, before letting a contract the ditch supervisor shall give notice of receiving bids by publication once in a newspaper of general circulation in the county wherein the work or part thereof is to be done, which notice shall be published at least one week before the time fixed for the receipt of bids, and shall also give notice of the letting of the contract by posting in three public places in the vicinity where the work or part thereof is to be done. Such posting shall be made at least one week before the date fixed for the receipt of bids. If the estimated cost is less than two hundred dollars, notice shall be given by posting in three public places in the vicinity where the work or part thereof is to be done. If the estimated cost is under fifty dollars, the ditch supervisor may at his option award a contract without advertisement or may if so ordered by the board of county commissioners proceed to complete the work by employing necessary labor and by purchasing the necessary material to complete the work * * * *

6141.13—Collection of cost of work.

Upon the completion of the work as provided in sections 6141.02 to 6147.17, inclusive, of the Revised Code * * * the ditch supervisor shall certify the cost thereof to the board of county commissioners * * * *

In all cases where the work has been under the supervision of the ditch supervisor and where the ditch repair or clean out has been done as a unit, the ditch supervisor shall make an estimate of the cost of such improvement, and shall appropriate the estimated cost thereof according to benefits to the several tracts of land benefited, and shall file such estimates with the auditor. The auditor shall report such apportionments to the board, and the board shall fix a time when such apportionment shall be heard, which time shall be not more than twenty days after the date of filing such estimates.

Upon the fixing of such time, ten days' notice of such hearing, as provided in sections 6131.01 to 6131.64, inclusive, of the Revised Code, shall be given by the ditch supervisor and the hearing shall proceed the same as the hearing on the report of the county engineer as provided in sections 6131.01 to 6131.64, inclusive, of the Revised Code, and all parties shall have the rights and remedies as provided in such sections. The board shall correct and approve such assessments, and shall order the ditch supervisor to let the contract according to sections 6141.11 and 6141.12 of the Revised Code * * * *

6141.14—Appeal from apportionment.

Any owner of land affected may appeal from an order of the board of county commissioners fixing the apportionment for cleaning out or repairing a ditch to the court of common pleas. Sections 6131.01 to 6131.64, inclusive, of the Revised Code shall so far as applicable be followed in taking such appeal * * * *

CHAPTER 6151: WATERCOURSES

6151.02—Appropriation proceedings; notice.

In order to acquire property as provided in section 6151.01 of the Revised Code, by appropriation proceedings, the board of county commissioners shall adopt a resolution declaring the necessity therefor. Such resolution shall contain an accurate description of the change to be made in the course of the river, creek, or other watercourse, and fix the time and place for hearing claims for compensation or damages on account thereof.

Notice in writing of the passage of such resolution shall be served on each owner or person having a legal interest in each parcel * * * If such owner is a nonresident of the county, service shall be had by publication of a notice of the adoption of such resolution, containing either a copy or the substance thereof, and that unless claims are filed in writing with the board on or before the time fixed in said resolution for hearing claims, such claims shall be waived. Such publication shall be made once a week for three consecutive weeks in a newspaper of general circulation within the county. Said published notice shall contain the name of every nonresident owner whose land or property is to be appropriated, and a copy of the newspaper containing such notice shall be mailed directly after the first publication to each nonresident owner whose land is to be taken by the clerk of the board, if his address is known to the clerk. Said service of notice shall be proven by affidavit of the person making the service or mailing said publication.

6151.12—Advertising and letting of work.

If the engineer appointed under section 6151.11 of the Revised Code recommends the straightening or cleaning out of the river, creek, or watercourse, and the board of county commissioners deems it advisable, at the first regular session after receiving the report it shall advertise the letting of the work for at least twenty days and let it to the lowest responsible bidder, taking from him a bond in the sum fixed by the board and payable to the state, with good sureties, for the performance of the work in a proper manner and within a time therein named. No bid shall be accepted that exceeds the estimated cost in such report, and the board may reject all bids.

CHAPTER 6153: REMOVAL OF DRIFT

6153.69—Notice to landowners.

The petitioner under section 6153.08 of the Revised Code shall give written notice to the owners of each tract of land sought to be affected by the proceedings of the filing and pendency of the petition. Such notice shall be served not less than five days before the day fixed for the hearing on such petition. If a person owning lands sought to be affected by the proceedings is a nonresident of the county, notice shall be given to him by publication for two consecutive weeks in a newspaper published or of general circulation in the county.

6153.19—Notice of the meeting of the jury; proof of publication and service.

The appellant perfecting an appeal under section 6153.15 of the Revised Code shall notify all persons interested in the removal of drift, timber, or other obstructions from the streams of the time fixed by the probate court for the meeting of the jury. If a person interested in such removal resides out of the state or cannot be served in writing with such notice, the probate judge, being notified thereof, shall publish such notice for three consecutive weeks in a newspaper printed or of general circulation in the county.

RULES OF MEASUREMENT FOR PUBLIC NOTICES IN OHIO

Over the years there has existed much variation in the manner of setting up and measuring required public notice advertisements by newspapers. There has also existed much difference of opinion as to the requirements of the law.

So that publishers may be advised of the general rules for measurement of required public notices, the following summary is presented. These rules are comparable to the rules of measurement of public notices provided by the Bureau of Inspection and Supervision of Public Offices in the Office of the Auditor of State for use by field examiners.

Rules for Measurement

A square is the space occupied by 240 ems of the style of type used in printing the public notice.

An em is the square of the em quad of the type, expressed in points.

A point is one-seventy-second ($1/72$) of a linear inch.

Standard newspaper columns vary from $11\frac{1}{2}$ to 13 ems.

Legal advertisements are usually printed in 6- or 8-point type, and if set up solidly, as required by law, without the use of leads, run twelve and nine lines, respectively, to the linear inch.

To measure an advertisement, proceed as follows:

Multiply the number of lines set in 6-point, or nonpareil, type by 23 (for $11\frac{1}{2}$ em column), by 24 (for 12 em column), or by 26 (for 13-em column) and divide by 240 to reduce the notice to squares.

If the notice is printed in 8-point, or brevier type, multiply the number of lines by $17\frac{1}{4}$ (for $11\frac{1}{2}$ -em column), by 18 (for 12-em column), or by $19\frac{1}{2}$ (for 13-em column) and divide by 240.

The above figures apply to newspaper columns of the standard widths of 23, 24 and 26 ems. The variations or lessening of ems of width as the size or point of the type increases must be carefully considered. Those who measure such advertisements, including state examiners, should use a reliable type-founders rule, showing the various sizes of type. Select the scale of the particular type to be measured, then lay this across the column of type and determine the width of the printed matter in ems.

The following table shows the number of ems to the line of the various types from nonpareil to pica:

Size and Name of Type	Number of Ems to the Line			
	11 em line	$11\frac{1}{2}$ em line	12 em line	13 em line
6-point—nonpareil	22	23	24	26
7-point—minion	$18\frac{3}{4}$	$19\frac{3}{4}$	$20\frac{1}{4}$	$22\frac{3}{4}$
8-point—brevier	$16\frac{1}{2}$	$17\frac{1}{4}$	18	$19\frac{1}{2}$
9-point—bourgeois	$14\frac{2}{3}$	$15\frac{1}{3}$	16	$17\frac{1}{3}$
10-point—long primer	$13\frac{1}{3}$	$13\frac{2}{3}$	$14\frac{2}{3}$	$15\frac{2}{3}$
11-point—small pica	12	$12\frac{1}{11}$	$13\frac{1}{11}$	$14\frac{1}{11}$
12-point—pica	11	$11\frac{1}{2}$	12	13

In public notices containing subheads, there may be placed a 2-point lead above and a 2-point lead under each. Where a subhead requires two or more lines, no space or lead should be placed between the main line and its continuation.

State examiners, in auditing bills for required public notice, will be governed by the rules set forth. The advertisement should set forth all the matter required by law and no more. A copy of the advertisement should be attached to the voucher presented for allowance, and the voucher should be approved by the officers ordering the public notice.

The above information applies only to those newspapers with circulations of 25,000 or less. Newspapers with over 25,000 circulation may charge their regular contract rates for general display advertising.

ATTORNEY GENERAL'S OPINION AND COURT DECISIONS

Courts of Record—Based on an Attorney General's opinion issued in 1944, courts of record in Ohio are the Common Pleas Court, Court of Appeals, Supreme Court, and Municipal Courts created by legislative enactment. Effective October 2, 1953, Probate Court will also be included as a court of record.

Mayor's Courts and Justice of the Peace Courts are not courts of record.

With regard to courts of record, the opinion stated there are two classes of publications involved:

First, those that the law requires the court to publish, such as the times for holding court; and second, publications required to be made in connection with proceedings before the court by officers of the court.

Officers of the court would include any of the elected or appointed officials who place advertising in connection with any proceeding before a court of record. In addition, it would include officers of the court named by the court, such as receivers or master commissioners.

Express Contract—The rates for publication of delinquent, forfeited and omitted land lists are fixed by law and the matter of a contract for lesser rates than established by law is not involved. However, the rate set for publication of notices by public officials and courts of record in Section 7.10 of the Revised Code is a maximum rate, and is subject to express contract.

The case of *McCormick v. Niles* (81 O.S. 246) established this by the court's decision that the statute fixes the maximum rate, but no minimum rate.

Tabular Matter—Two court decisions have defined "tabular" matter and these interpretations have held during many years. The principle has also held since before 1909 that if any notices contain some tabular matter, the entire notice may be charged as tabular matter.

Murray v. Commissioners, 1 O.N.P. (N.S.)89, determined that tabular includes matter which is to be printed in the form of a table containing three columns of figures and requiring two or more justifications.

Knorr v. Commissioners, 4 O.N.P. (N.S.)35, determined that tabular includes matter which is to be printed in two columns, one of names and the other of amounts in figures.

Publication of Advertisements Under Section 6251, General Code— When Proof of Publication Must Be Paid For

(See Section 7.10, Revised Code)

1. Publishers of newspapers in which are published the advertisements, notices and proclamations described in Section 6251 of the General Code, may not charge in excess of the maximum rate prescribed in such section for such publication.

2. Where the statute specifically provides that proof of publication be furnished by the publisher, such proof constitutes an essential part of the publication and must be furnished and no additional payment may be demanded therefor.

3. Where the statute makes no provision as to proof of publication, no liability is imposed upon the subdivision in the event that proof is furnished by the publisher, but where in such case proof is demanded by any public authority and the publisher furnishes the same, a contractual relationship arises separate and apart from that incident to the publication itself and the publisher may refuse to furnish such proof unless he be reimbursed for the expense incident to the execution of such affidavit.

(1928 A.G.O. 2365)

DEPARTMENT OF TAXATION DEFINITION OF NEWSPAPER AS IT RELATES TO OHIO SALES TAX
